

INTRODUCTION

Since the beginning of time, after Satan and his fellow rebels were kicked out of heaven down on earth, they have been pushing the agenda for a one world government agenda through those who carry the bloodline of the dragon with seven heads. These are mostly the royal families and some powerful families of European descent, who have inherited the secret knowledge of witchcraft and sorceries, the power that stands as a foundation of the kingdom that rule this world.

Therefore I Sam Tiliindje, your elder brother in this battle against the kingdom of Babylon, the kingdom of darkness that rules this world. I have authored this book to bring to light the secret of this kingdom that they have held for centuries which is a secrets that Satan and his children have planned to make this world a one world government in a very near future.

The book of revelation chapter 17 talks about mystery Babylon or the women that sits on multitudes, tribes, races and nations which are many waters and this women is the roman catholic church [Vatican city] with her hidden name as the illuminati secret society that rules this world

through religion, politics through the democracy government system and also the education system of this world which are the three wheels that drive this agenda that stands at 90 percent to achieve its goal in our generation therefore it is just a matter of time for the evil one to sit on his throne and become a god in flesh and rule this world.

This book consists of 4 chapters and In the first one I am going to talk how the dragon have structured his kingdom and put humanity into cages that are known as countries of this world.

The Illuminati secret society is also called mystery Babylon which is under the pretense of the Roman catholic church which is the woman that sits on multitudes, tongues, nations and kingdoms which is many waters, the woman that is mentioned in the book of revelation, a kingdom that rules this world and it is fighting or pushing to achieve her agenda of a one world government.

In the beginning of time the first man to establish a one world government was Nimrod who tried to build the tower of Babel when the whole world had a single language and the Lord God destroyed their agenda by confusing them where the human race started to have many languages and after him

followed many kings and rulers around the world who have been trying to achieve this agenda but none could achieve it because God did not allow it and again it went up to king Nebuchadnezzar of ancient kingdom of Babylon which God also destroyed and then in the last generation it have been planted in the Roman empire that call themselves the Roman catholic church in the Vatican city.

In our generation the illuminati secret society which is Babylon the great or the Roman catholic church that woman sits on multitudes, tribes, tongues, races, nations, peoples and kingdoms has achieved her agenda that stand at ninety percent and although all the countries of this world lives under the bondage of this woman yet afrika needs to be talked about because it is the continent were the Lord God has scattered the seeds of his house which is the house of Judah because it is only through Judah that all the nations of this world will obey God because Judah hold the scepter of the king whose kingdom will never be destroyed.

CHAPTER 1

LET US LOOK AT THE GOVERNMENTS STRUCTURE OF THE KINGDOM OF BABYLON OR THE ILLUMINATI, THE WOMAN SITTING ON MANY WATERS AS MENTIONED IN THE BOOK OF REVELATION CHAPTER 17.

The devil and his fallen ones through his followers have deceived humanity when they say that people are living under democratic or federal and sovereign states which is not true because this world is not made up of different countries or governments as you have been told or believe but it is built into cages of the kingdom of Babylon the women sitting on many water which is the roman catholic church ruled by the illuminati who are

carrying the bloodline of the serpent and her government is structured like a pyramid with six levels.

It start with the foundations which is the first level, second level, third level, fourth level, fifth level and sixth level.

THE FOUNDATIONS OF THE KINGDOM WHICH IS THE FIRST LEVEL OF THE KINGDOM

The foundations of the kingdom of Babylon is built on religion, traditional and cultural beliefs and practices, witchcrafts, sorceries, democracy and lastly, deception that is in forms of education system of this world that have become the cultural heritage of this world.

RELIGION

MY dear people, let me tell you that when the Lord Jesus Christ was on earth preaching his word it was not about religion but the kingdom of God which the roman catholic church have twisted and turned into a religious organization that have become a cultural heritage of the whole world.

This false church have established her belief system of paganism on the whole planet and mixed her belief system with the word of the Lord and pagan practice have become a church that more than a billion people are worshipping demons and the dead.

Look here, What is known as religion is a belief system of paganism were the roman empire and some other kingdoms of this world stand on this foundations of their kingdoms and worship and praise their demons or gods and goddesses that covered themselves with the identity of the creation like the sun, moon, stars and creatures on land, sea, birds of the air and creepy things who these people used to curved in gold, silver, bronze, metal, wood, clay and painting who they have united with the word of Jesus Christ and they have deceived the whole world to worship the god of the sun who they call Amun- ra whose true identity is Satan himself covering himself with the glory and identity of the sun in the sky imitating the Lord God whose throne is lifted high and seated on his holy mount Zion and rule the whole creation.

They have replaced the Sabbath of the Lord which is his resting day and dedicated it to the god of the

sun and name it after him and call it Sunday or the day of the sun god who all the nations of this world worship every seventh day or Sabbath and they call this day as Sunday.

My dear people, let me tell you that all the religious signs and symbols that humanity worship, these are the identities, robes of glory of the very entities, fallen angels and demons that are ruling this world and it is these entities that men calls their gods.

Again what you call national flags of all countries and nations around the world.

These are what the bible have described as principalities, authorities, powers and other entities that humanity is fighting against.

TRADITIONAL AND CULTURAL BELIEFS AND PRACTICES

MY Dear brothers and sisters, listen to me, although the roman catholic church is preaching about the Lord Jesus Christ, I tell you that what it preach is false because this church have twisted the word of Jesus Christ because it still stands on her foundations of traditional and cultural beliefs and

practices where it worship and pray to curved images which it calls the cross of Jesus hanging on the on the wall and the rosary, the image of Mary and also they pray to the spirits of their dead who they call saints.

Again they practice on the ancient tradition of their cultures when they celebrates the twenty fifth day of every 12th month which is the birth date of their ancient demon gods and they have deceived the whole world to celebrate this day and tells the whole world that it is the birth date of the Lord Jesus Christ and therefore because of this date as the whole world celebrate, in the spirit realm they worship at the feet of the demons of Babylon the roman empire or catholic church and praise and glorify them which grieves God as his people worship and give praise to the demons of Babylon.

Again this kingdom/Babylon has dedicated all the seven days of the week and named them after her demon gods. She have dedicated the first day of the and named it after her demon of the moon and the day is called Monday or moon day, she have dedicated the second day of the week to her demon god called tiu and named the second day of the week as Tuesday or the day of tiu. She have

dedicated the third day of the week to her demon god called woden and named the third day as Wednesday or the day of woden. She have dedicated the fourth day of the week to her demon god called thor and named the fourth day of the week Thursday or the day of thor, she have dedicated the fifth day of the week to her demon god called freya and named the fifth day as Friday or the day of freya, she have dedicated the sixth day of the week to her demon god called Saturn and call the day as Saturday or the day of Saturn and lastly she have dedicated the Sabbath day of the Lord to the devil himself who is wearing the identity and the glory of the sun and they call it Sunday.

Again they have dedicated the twelve months of the year and named them after their demon gods and their dead ones. Again they have given the names of their demon gods to the planets in the universe with the aim to glorify them. Again it is the wine of fornication in the golden cup of the prostitute that have made many nations drunk to practice what is known as traditional and cultural beliefs and practices and also witchcraft, sorceries, politic which is democracy and the education system of this world.

WITCHCRAFTS AND SORCERIES

Here witchcrafts and sorceries walks hands in hands because it is the very source of power or the burning fire that keeps the kingdom of Babylon standing when human blood is spilled which in many ways on earth which is a sacrifice or feeding demons to keep them alive and they feeds on humans according to the powers they have, they feeds from what they steals from humans hearts during sexual intercourse of virgins, babies and virgins blood through miscarriages or sudden deaths because they take it as not contaminated but pure and full of life, human blood through accidents and then those with lower ranks feeds on animals or old peoples blood.

This sacrifice is been practiced by those who live in the Vatican city those who carry the blood of the snake, those creatures with blue and green eyes and all their fellow seeds around the world those who were doomed for destruction and they call themselves the superior race.

DEMOCRACY

Democracy is a union of powers of the kings of the earth and the false church or the prostitute that is

clothed with purple robe adorned with precious stones.

The kings of the earth have fornicated or united with this false church and gave her their powers and authority to rule as a queen of the whole earth and she have established a government system known as democracy and she have become the ruling queen of the whole earth.

Look, because of this government system, all the people of every nation on this planet do worship demons or gods of Babylon.

They worship demons of Babylon that covers their true identities with the creation like the sun, moon, stars and creatures on the land, sea, birds of the air and creepy things and they gave their idols as national flags and countries coat of arms yet they do not know that these are images of demons or gods of the kingdom of Babylon who rule this world.

They have covered themselves with identities of the creation because they were stripped off their identities, names and glory in heaven after they have rebelled against God and these are those that were mentioned in the bible EPHESIANS 6;12 where it said we do not wrestle against flesh and blood but

against principalities, powers, authorities and rulers of darkness of this world against spiritual wickedness that sits in high places.

Look, the main plan of the kingdom of Babylon, this woman that sits on multitudes, tongues, tribes and nations is to achieve her goal of a one world government whereby one of her children who holds the position of papacy may rule as a god of the whole earth through a one world religion so that humanity may be deceived by swear an eternal oath to Satan who have many face/religious or belief system that will enable Satan to own everyone's soul who have swear that eternal oath and because of that the Lord God will not have any claim to these peoples souls who have willingly gave their souls to Satan and this is exactly the main goal of this kingdom.

THE EDUCATION SYSTEM OF THIS WORLD

In the ancient world different before the knowledge of the fallen ones became the education system of this world different kingdoms and nations of this world had different ways of living and their ways of life had been ruled by wise men of their kingdoms, wisdom of their kings, and spirituality and all these

was the education system and cultural heritage of those nations and kingdoms in their days.

But all that have been destroyed by the education system our generation, a knowledge system that have become the cultural heritage of this world.

Their knowledge or education system is dead and dry without wisdom or life and spirituality in it.

THE SECOND LEVEL OF THE PYRAMID

It represent all humanity as slaves of the kingdom on this planet, educated or not. The so called educated in this world wears crowns of this kingdom on their heads known by the human race as diplomas, degrees, masters, honorary and p.h.ds.

Humanity have been deceived to run and seek after the knowledge of this dry kingdom and in the end and be clothed with the identity and glory of Babylon, a borrowed identity that will fade away into the dust of the ground and after they die, their souls will still go empty, naked, hungry, full of shame and lost forever.

Yet they forget to seek their eternal identities in Christ Jesus the savior of his people who will give eternal life to his children those who believe in him

because he is ready to cloth his eternal glory to those who seek his knowledge.

THE THIRD LEVEL OF THE PYRAMID

Listen to me my people, you have been all deceived by the children of the snake when they have told you that they have given your countries what you call independence and you believed their lies and then you say that you live in independent and free sovereign states which is not true because this whole world is a kingdom under the rule or power of the illuminati secret society that rules the world from the Vatican city which its real name is Babylon the great the woman mentioned in the book of revelation chapter 17.

Look here, your countries are not even colonies of this kingdom but cages where she have stationed her gatekeepers or watchdogs to guard, watch and control humanity with her rules and policies and these are the ones that have been covered with robes of honor this kingdom known as presidents of different countries in this world.

Many of heads of states who rules this world through democracy government system have secretly sworn an eternal oath before Satan who is

the all seeing eye. And they are serving Babylon to push the agenda of a one world government system.

Look here my people, do not think that some of your so called presidents are there to serve you as they have promised you because many of them in this world are members of the illuminati secret society that are pushing the new world order agenda therefore the time have come to fight back against Babylon and free ourselves and our children and the whole human race while there is time..

That is why many Individuals and presidents of different nations around this world those who have been fighting against this system have been killed or they have been labeled as dictators and some other bad names while those that are following the rules and policies of this kingdom are being praised or even given awards and as for you people who call yourselves citizens living in your countries, you are the slaves of this kingdom chained with their chains for as long as you elect your gatekeepers, follow and obey the rules of Babylon.

After all, this woman has a powerful sword that fights against individuals or nations that goes against her will or anybody who stands in the way

and her sword is called the united states of America while the king of this kingdom is called the pope of the roman catholic church.

Look, although the gatekeepers may occupy seats of powers in their countries, yet they have no real powers in their hands because the real powers is held in the hands of the papacy who holds the USA as the sword of his kingdom.

These gatekeepers have been positioned on those seats to control and keep their nations in cages of lies and deceptions of their masters, so that their masters may keep pushing their agenda and through this system, the gatekeepers have also become like their masters. Year after year they go on election campaigns lying and giving empty promises to their people so that they may be voted on these top positions.

And after they have been elected on those seats, it have become a once life time opportunity for themselves, their families and friends to loot and steal from their government coffers and by committing these crimes, they have lifted up the skirts of their family trees and exposed the shame and nakedness of their bloodlines to the world while walking amongst the nations.

And their families shame and nakedness is called lies, stealing, beggars, murderers, robbers and looters who are hiding and covered themselves with the borrowed robes of presidencies.

In the heads of these gatekeepers, there is no wisdom because wisdom is a sacred thing that have been only given to a one specific family tree of a royal bloodline of a certain kingdom in this whole world out of all the kingdoms that have been ever established on this planet.

These so called leaders no one in their bloodlines has ever worn a royal crown or sat on a royal throne to rule and instead of wisdom in their heads, they are covered with wounds in their heads because they are beggars cursed with poverty in their bloodlines. Again they are dry branches of thorn trees, that is why the nations that lives under them, there is no peace in their lives because their bread and water is only hunger, suffering and sorrow through corruption by these gatekeepers.

And again these are just dead and dry branches of wild trees decorated with coverings that looks like leaves or fruits and they have been planted among their nations yet they cannot cloth or feed their nations because there is no life in them.

Again just because of those noising bells they wears in their necks known as the PHDs, masters and honorary degrees, it have qualified these wild beasts to become leaders of their nations although there is no leadership in their bloodlines.

These are wild animals living in palaces built with gold and marbles and since there is no roar in their mouths, instead, they spits stinking vomits and saliva of lies, stealing, oppression, deceptions, looting and murders and the walls and floors of palaces where they live are very dirty and covered with vomits and saliva of corruption because there is no order in them because they are creatures that belongs in the wilderness.

These are the hyenas, vultures and jackals who feeds on left overs and dead foods only, they are no hunters nor is there skills of leadership in them because they are scavengers and opportunists who stands from distance monitoring and waiting to grab every pieces of left overs just for themselves, their friends and families.

They do not have the skills or knowledge to catch their prey and feed those behind them meaning they do not have the knowledge to create employment or explore new opportunities to feed,

cloth or shelter their own people because they are beggars occupying seats of rulers.

Year after year they go to China, the IMF and the world bank to borrow more money with the reason for developing their nations but in the end these money ends up missing and transferred into their personal bank accounts to enrich themselves, their friends and families while they leave their countries in poverty and debts.

My dear brothers and sisters, listen to me, every time you go to elect or vote your so called new leaders and their governments in your countries, it is an opposite of what you are doing, meaning that you only go out into the field to sow seeds of poverty in your livelihoods and the lives of your children yet at the same time you are sowing seeds of wealth in the lives of those individuals and their families and friends and then the process goes on which is the rich gets richer and the poor gets poorer because there is no equal distribution of wealth in this kingdom because it belongs to thieves, robbers, liars and murderers.

That is why I am asking you my brothers and sisters around the world all you children of God to come out of Babylon and become citizens of the kingdom

of heaven so that you may not be caught in this great judgement of this world by the Lord because the judgement of this world have already begun and the lamb has opened the first seal of the book of revelation, therefore prepare yourselves for your groom who is coming to take up his bride for his marriage supper in heaven before the rider of the fiery red horse who holds the great sword in his hand to take peace from the earth is released.

Again my dear brothers and sisters, listen to me, on the very first date of the so called independence days of every nation on this planet, all the founding presidents of this world have worshiped to the idols of Babylon in forms of the sun, moon and stars which they called national flags and in addition to that the human race are also worshiping idols of Babylon that are in forms of creatures from the land, sea creatures and birds of the air which they call as their totem where they call themselves after these creatures yet they do not know that these are the same ancient idols or gods and goddesses or demons of ancient peoples and kingdoms and nations that used to be worshipped in forms of curved gold, silver, bronze, metals, wood, clay and paintings and in this modern societies they are

being worshipped in forms of coat of arms and national flags of many families of the earth, tongues, tribes, races, nations, peoples and kingdoms.

And my dear brothers and sisters, let me tell you that all these images represents fallen angels or warrior demons that stands as pillars of the armies of the kingdom of darkness in the spirit worlds and they have chained the human race with the chains or beliefs of religion, traditional and cultural beliefs and practices, witchcrafts, sorceries, political system and the education system of this world.

Again Babylon has deceived humanity with the baptism of babies in their heads instead of sinking adults in the water to become born again when they know between right and wrong. Therefore I am advising everyone of you who have never been baptized in water by sinking please to find a good church and be baptized in the water and spirit so that you may be filled with the holy spirit of God so that your sins may be forgiven and God will give you eternal life in Jesus Christ our Lord.

Look here, the so called gods and goddesses of Babylon and their agents in this world are working tirelessly to trap mankind into their prisons and

overshadow them with darkness in their souls to divert humans from the path of righteousness so that mankind may perish together with them in the eternal condemnation because the children of the dragon who lives before his throne that have been established in that great nest which is called the Vatican city they know that their end is near and I am strongly advising you dear brothers and sisters to stop entertaining this world and get serious with your lives and come back to the Lord because the time of the harvest have begun.

THE FOURTH LEVEL OF THE PYRAMID

Again let me reveal this to you. In the beginning when Lucifer and the third of his rebels were thrown out of heaven down on earth, they have spread all over the earth and introduced themselves to different nations and kingdoms of the human race putting on different identities, names and faces and they have brought confusion and darkness in the hearts of mankind and through darkness they have established their foundation in the hearts of men and they became gods and goddesses of different peoples all over the earth and their foundation in the hearts of man have become power and a culture is religion, traditional

and cultural beliefs and practices, witchcrafts, sorcery.

And since they have lost eternal life in heaven for these demons to survive in the dry worlds were they live now, their only source of life have become human blood and as we all have heard or know that since the beginning of time, in the ancient world until our modern times when some individuals, or families or nations and kingdoms seeks victory, blessings, prosperity, powers and strength in their lives, for them to get these things they must sacrifice human blood to demons who they regard as their gods and goddesses.

Therefore do not be deceived when you see the UNITED STATES OF AMERICA goes to war against other nations on this planet for whatever reasons they say because in those days, the founding fathers of the USA and some EUROPEAN NATIONS were members of a secret society of a brotherhood of those that carries the bloodline of the serpent and these are the ones that call themselves the illuminated ones in this world. Therefore they have sworn a sacred eternal oath of brotherhood for their nations to become the sword for human blood sacrifice to their sun god or the all seeing eye who

sits on top of the pyramid of the government structure of this kingdom because it is his throne and altar that have been established in the Vatican city and rules this world.

These nations goes for human blood sacrifice and campaign under pretense of waging war against other nations but the truth is that they goes for human blood sacrifice to their god, the god of this world who will reward the sword of his kingdom with economic powers and military strength.

And As they kill more people in war, this is how they sacrifice or feed human blood to their demon god or the all seeing eye or Satan who they worship and give praise at the feet of his throne in the Vatican city through the image on the US dollar bill in secret yet in plain sight praising him with these words, IN GOD WE TRUST, the words that they have written on their dollar bill because the pyramid is the throne and also an altar were their powers and strength comes from as they pour human blood as a sacrifice in their sacrifice campaign which they call war against other nations.

Again my dear brothers and sisters, listen to me, if you look at the US dollar bill you will see that the tip of the pyramid which is the symbol of the all seeing

eye did not sit or touch the pyramid because it symbolizes that the god of this world still rule this world in the spirit worlds and he is yet to come in this world in flesh and sit on his throne when his spirit will be incarnated into the body of the head of the Vatican city he who is the last pope of the roman catholic church and this demon is one of the fallen angels who have built the pyramids in those days and he will return in this world incarnated in the body of the last pope and he shall sit on his throne as a god and he will call himself Jesus Christ the son of God and establish his government on the whole earth and his government is coming with a new world order that is against the human race.

This spirit will be incarnated through the powers of witchcrafts and sorceries of the books of the ancient kingdom of Egypt which they possess and hide in their nest the nest of the great dragon Vatican city.

when this demon have been incarnated, then he will establish a one world government system, a one world religious system and a one world digital currency to execute their last plan which is to destroy those who are not of their kind, the human race because this is the wrath of the dragon with

seven heads and his fellow rebels that they have brought down on earth to destroy the seeds of a woman, but the Lord God will not allow their plan to work because this is not a part of his plan, therefore he has shifted this plan into a bid of a future to unite them in their threes as a one body so that he may destroy them at once. I will reveal this to you later.

From the beginning of time since Satan and his fellow rebels were thrown out of heaven and came down on earth with their wrath against humanity, they had a plan to establish a one world government therefore their plan is still pushing on this planet through his bloodline and they have created or own and control multitudes of institutions and organizations around the globe to enable them to reach their agenda and these are the world bank, the INTERNATIONAL MONETARY FUND, the UNITED NATIONS, THE EDUCATION SYSTEM OF THIS WORLD, THE IMF, UNITED NATIONS, THE BBC, FOX NEWS, GOOGLE, YOUTUBE, THE WORLD HEALTH ORGANISATION, THE COMMON WEALTH, WORLD FOOD PROGRAMME, CNN, SOME NGO'S, LGBTQ COMMUNITIES, NATO, HUMAN RIGHTS ORGANISATIONS, SKY

NEWS, FACEBOOK, WORLD LARGEST PHARMACEUTICAL COMPANIES, TOP CLOTHING BRANDS AND PERFUMES COMPANIES, WORLD ECONOMIC FORUM, WORLD TRADE ORGANISATION, TOP UNIVERSITIES IN THEIR COUNTRIES, THE MOVIE AND MUSIC INDUSTRY WHICH IS HOLLYWOOD, THE FINANCIAL SYSTEM OF THIS WORLD, WORLD LARGEST FOOD AND BEVERAGES COMPANIES, THE INTERNATIONAL CRIMINAL COURT, NASA, FIFA, THE ROMAN CATHOLIC CHURCH, ISLAM RELIGION AND MANY MORE.

My dear brothers and sisters, the seeds of the snake those creatures with blue and green eyes are fighting a silent war to destroy humanity, a term that says human depopulation.

Recently they have manufactured a silent weapon in their laboratories called corona virus that have killed millions of people because this is a part of their agenda to destroy humans. Again in the past they have manufactured same types of weapons and these are what known as HIV-AIDS, EBOLA VIRUS and CANCER like diseases and again they are still manufacturing these weapons in the future to destroy mankind especially afrikan people because

they know that among the Afrikan people, there is a seed that carries the royal bloodline of the tribe of Judah who will bring the human race to the knowledge of the Lord Jesus Christ because they know that only through Judah that the nations of this world will come before God and obey his command. This is the revenge of fallen angels that they have against the seeds of a woman since they have been already condemned into eternal hellfire after they have rebelled against the Lord God in heaven.

Again the children of the serpent are fighting to destroy the human race using their other secret weapons of wars hidden in plain sight which are their medicines, vaccines, processed foods, alcohol, poisoning the atmosphere and packed water to cause infertility, madness, neutralization of males testosterone, forgetfulness, obesity, premature deaths, miscarriages and different sicknesses and diseases again because this is also one of the wrath of their kingdom against humanity and they are using democracy as a tool to penetrate in every nation and kingdom on this planet to destroy humanity.

They have recruited and planted their agents all over the earth in all working fields and institutions so that through their agents their goal may be achieved. That is why they have killed many individuals around the world including Afrikan leaders who were trying to liberate their people from their lies, deception and chains of darkness and their agents are high profile people, rich and famous in this world.

They are heads of states, Roman catholic church cardinals and high ranking church leaders, politicians in your governments around the world, the CIA, countries ambassadors and high commissioners, influential universities professors around the world, terrorist organizations and rebel groups around the world, top scientists around the world, top actors, actresses and music artists around the world, top doctors in top hospitals around the world, top lawyers and judges around the world, volunteers of peace corps, influential business men and women around the world, top pilots in aviation companies around the world, top engineers around the world, top journalists around the world, top companies CEOs and companies managing directors and others.

They have recruited their agents and placed them on top positions so that these may succeed to push their agenda and attract more souls to trap them into their snares using money and material wealth so that humans may lose their souls and suffer together with them in the end because these ones already knows what their end will be like.

Babylon the great, with her children those so called superior race, the seeds of the snake have establish their knowledge system as the education system of this world which have become the cultural heritage of the whole world and they have built it on the foundations of evolution theory, history, the sacred language of the gods, the big bang theory, science and false and forbidden knowledge. And out of these foundations, two of them were created as weapons of wars to fight against the Afrikan people and these are evolution theory and false history.

EVOLUTION THEORY

Although the theory of evolution was built on homo sapiens theory which was meant for the whole human race, yet the enemy have took it and developed it into a powerful weapon against the black race. he has spread this lies to all four corners of the earth where other races came to believe the

lie that says that the black race is a group of species that belongs to animal kingdoms and they are sub humans, intelligent pets and monkeys or the inferior race that was created to be slaves of other human race.

That is why in some countries around the world some years ago, black people used to be exhibited in public and cages or zoo like animals so that the so called real people may come and see how half humans looks like and again this is why in some Arab countries in this modern times Afrikan people are still regarded as a slave race, therefore they are being sold and bought by these people because they are believed to be a race that was created to be inferior to other human race.

This weapon has mentally crushed millions of afrikan people who have come to believe the lies of the enemy.

That is why we all see or know that many black people fear or bow down to a white man compared to their own race in comparison of ideas, knowledge, cultures, inventions and civilization because they believe that a white man is superior over the black race in this life. But the truth remains that all people were made from God image and they

are all equal before God and there is no superior or inferior among the human race. Yet the truth is that in this world, there is a race of white people who carry the bloodline of Satan the serpent himself and these are the powerful lords and masters that rules this world and control the nest of the great dragon which is the Vatican city and some other European nations and they know that their end is near and these are the ones that are rooted in white supremacy and those who regard themselves as a superior race on earth fighting and pushing for a one world government agenda to destroy humanity because this is the enmity that was put between the seeds of the woman and the seeds of the serpent by God in the beginning in the garden of Eden and these seeds have recruited humans on earth to be their agents in all parts of the world to push their agenda regardless of skin color or race .

FALSE HISTORY

My dear Afrikan brothers and sisters, again the children of the serpent have invented a powerful weapon against us. They have erased our history from the face of the earth and tell us that Afrikan people do not have a history, identity or civilization.

But today if you go in their museums all over their countries, they have our artefacts that shows the afrikan history and civilization. And these artefacts were stolen from many afrikan kingdoms were You all descends and these are, the great Zimbabwe, the kingdom of Egypt, the Benin kingdom, Mali empire, Ghana empire, the kingdom of Mapungubwe, Woloti jolof, Songhai empire, kingdom of kongo, kingdom of luba, bornu empire and many other kingdoms on the continent.

Therefore I am telling you not to believe the lies of the enemy when he tells you that you do not have a history or civilization because he has destroyed your history and identity and hide your heritage so that he may feed you with his poisons and empower himself with lies to make you feel lesser than him.

Now look here, before the enemy came in Afrika, all those Afrikan kingdoms had their own knowledge system and governing system which have been destroyed by the race of the seeds of the serpent with the aim to colonize us because my dear brothers and sisters all of these things happening to us is a warfare between the race of the seeds of the snake and the seeds of a woman therefore you must wake up and fight against this

agenda of a one world government so that you and your children may break free from the hands of the enemy forever while there is still time.

Since the race of the seeds of the snake have become powerful in this world, they spits deadly poisons to blind and deafen the human race with their lies, therefore you must put on your helmets which is the truth and knowledge of God to protect yourselves against these poisonous snakes.

Again my dear Afrikan brothers and sisters, let me tell you this, some of you on this great continent are the seeds that carry the bloodline of Abraham, Isaak and Jakob of the bible and your ancestors in those days came to dwell amongst the kingdoms of their brothers on this great continent of Afrika after the kingdom of Judah and Israel were conquered and destroyed by the enemy in those days.

You are the chosen people of God who made heaven and earth and he has given you into the hands of your enemies because your fathers and yourselves did not obey his commands because you followed the ways of the foreign gods and goddesses and you forgot the God of your fathers. That is what happened to you, therefore the time has come for you to return back to him and he will

bless and protect you because he is your redeemer and when you come back to your God then shall the world come to you and honor him at your feet acknowledging that truly you are his chosen people.

Therefore do not be intimidated or deceived by those imposters those gentiles who lives in the land of your father Israel and others around the world who call themselves Jews because they are not, they are the synagogue of Satan who were mentioned in the book of the revelation in the bible. They are the descendants of conquerors whose ancestors came and took over your fathers land and stole your identities, cultures and heritage and occupy your land. In them there is no blood of the true Israelites therefore do not fear them at all because soon they will be put to shame.

That is why your time to claim back your identities, cultures and heritage has come by repenting of your sins and come to God your creator and follow his ways and he will bless you and you will see his works in your lives.

So, stand firm in your faith because the holy bible is your history book and also your legal constitution, therefore you are the citizens of the kingdom of heaven. Do not let those gentiles to steal what

belongs to you because this is a warfare that is why you need to wake up from your deep sleep and fight for your heritage. Now you feel the pressure of the enemy because you have swallowed his poisons that he has fed you, now I am advising you to stand up and shake off the dust from your shoulders and walk straight with your heads up and be proud in your God because you are his people that he has redeemed.

THE SACRED LANGUAGE OF THE GODS

My dear brothers and sisters, let me say that almost everybody on this planet knows or have heard of the great pyramid of Giza in Egypt, therefore let me tell you that this pyramid have a great effect in the lives of mankind on this planet.

Look, in those days, the watchers or fallen angels who have abandoned their positions in heaven and came down to dwell among the human race in this world, therefore they have taught them secrets of heaven which is the forbidden knowledge.

In those days They have created their own language on earth coded with elements of the nature coded in what is known as trigonometric and

geometric shapes combined with heavenly language or words that we call as additional signs, subtraction signs, division signs, coma signs, hash, question mark, full top signs, brackets, arrows signs and every sign that is used in what you call mathematics in this generation and then they combine their language with the elements of the nature plus numbers from zero to nine and this have become a language of the gods or fallen angels in the ancient world which is called today as mathematics a language of fallen angels that is taught to humans as a subject in schools and universities with a hidden purpose.

This language was regarded as the sacred language of the gods in those days. a language or secret knowledge that was only given or possessed by few chosen humans who were regarded as worthy to carry or posses it because it has powers of sorcery, a power to bring anything to life or destroy it.

With the knowledge of the true shape and size of the earth and with their sacred language, these watchers have manifested their sacred language into this world by building their high technology device into this world known today as the pyramid of Giza on the exact location of the earth to the

equator which they used as their door or portal to draw power from the world beyond.

They have built this door using numbers from zero to nine because every number in this world or universe has a specific powers within to create or destroy anything in the whole creation and this knowledge can only be activated by those who understand the language of the watchers and this knowledge is possessed by those who lives in the Vatican city.

When you look at the pyramid of Giza you are looking at a fluently manifested spoken language of fallen angels.

A fluently spoken language manifested into this physical world, a device that is built on a one hundred percent mathematical scale in human term or understanding which cannot be compared to any technology device made by humans in this world, not even a satellite or spaceship can be compared to this pyramid device because in their days it used to operate on different network of powers that you call today as vibration, frequency, waves and signal to open the doors beyond so that these beings may be able to manipulate the weather, climate and seasons on earth.

This is the same secret language that have been adapted by the lords and masters of this world who uses it today to manipulate the weather, climate and seasons for their own interests.

Again they use this language as a secret communication among themselves by sending themselves messages among through companies and businesses logos and emblems all over the world and also through signs and symbols of their countries national flags, coat of arms and also countries national currencies to push the agenda of a one world government which is known as the new world order agenda.

After they have left their positions in heaven and came down on earth, they came wearing deceptive names, faces and identities and scattered themselves around the whole earth and they became the gods and goddesses of many nations and kingdoms on this planet and those that have built this pyramid have become the gods and goddesses of the ancient Kingdom of Egypt and their names were Maat, Geb, Nephtys, Atum, Bes, Shu, Knum, Tefnut, Khripri, Khonsu, Neith, Aten, Horus, Anubis, Osiris, Thoth, Isis, Set, Bastet, Amun, Hathor, Sekhmet, Ptah and Sobek just as they have

been mentioned in the books of the ancient kingdom of Egypt.

My dear brothers and sister, listen to me. What you call mathematics as a subject taught in schools and universities is a language of fallen angels that have been secretly and purposely given to humanity by the Vatican city she who is the woman that sits on many waters mentioned in the book of revelation of the bible so that humanity may unknowingly and secretly communicate with the evil spirits that lives in the world beyond in order for men to draw powers from beyond so that these power may flow into devices through the channel of numbers from zero to nine using the elements of this creation and they flow in forms of vibrations, frequencies, waves and signals which is known as technology to humanity with the aim to capture or imprison the minds of humans to rule over mankind and forget their humans identity.

My dear people, listen here. When you say that you are being taught what you believe to be mathematic as a subject in school, unknowingly to you they are secretly teaching you how to communicate or speak with evil spirits living beyond so that you may become tools of the kingdom of

darkness to invent their devices you calls technology and destroy yourselves and the whole human race.

Let me tell you that what you call technology in this world has never been a thought of any human, all kinds of technology devices in this world is an influence from the kingdom of darkness by the evil ones although some may seem to have made life easier because this knowledge was never given by God the creator but the evil ones to imprison humans and destroy their lives by removing consciousness away from humanity and replace it with machines and make humanity as robots in this world.

Their language have been unknowingly accepted by humans and those who have acquired this knowledge have been given special titles as scientists or math genius that have invented technology and these are the ones that have succeeded in capturing sounds and images of the creation into devices using special materials or minerals from underground but unknowingly they are just tools of the kingdom of darkness taught how to attract powers from beyond to come into these devices in many forms like vibrations, signals,

waves and frequencies and you call it technology devices to destroy you and your children..

Look, it is the fallen ones who in those days have taught mankind the art of magic, astronomy, astrology, architecture, art, philosophy, chemistry, science, the three hundred and sixty five days calendar, numerology and structures of kingdoms.

Again in those days it is the fallen ones who have given mankind the knowledge or art of witchcraft on how to curse and cause diseases, sicknesses, disasters, accidents or death using human flesh and bones, animals, sea creatures and leave, roots and bark trees, and the vegetation.

In those days in many parts of the world these fallen angels were called as the gods and goddesses or the Anunnaki or the sky people or people from other planets. And in our generation they are known as aliens or extraterrestrial beings.

And again it is the race of these beings that have were mentioned in the bible that they sinned against the fish of the sea, birds of the sky and animals on the land by manipulating the dna of those creatures and mix it with humans and created hybrids and monsters of different types

These were terrifying creatures that were not from God and it is where stories of mythological creatures started, these were never myths but truth that have been erased by the flood.

In those days pyramids were sacred and no man was allowed to come near them or he will be killed and again In those days the ancient kingdom of Egypt was the center of knowledge of the whole world were almost every kingdom and empire in this world used to go and borrow the sacred knowledge of the gods that was only given to those who were considered worthy because it was regarded as sacred.

Again it is the race of these beings that have inspired many ancient civilizations that still stand today in our modern societies which have become the cultural heritage of this world and they call themselves the developed world.

My dear brothers and sisters, look here, Just like humans have their alphabetical letters which are A-Z which a human language so do angels have theirs and these are what humans calls addition signs, subtraction signs, multiplication signs, hashtag, brackets, percentage signs, coma sign, pound sign, dollar sign, equal sign, question mark, full stop, and

all the signs and symbols that are used in what you call mathematics and physics as subjects in your schools and universities.

This is a language when they speak it sounds like speaking in tongues by Christians, a spiritual language that was only meant for angels although it has no vowels.

When any man in this world writes down what you call mathematics on papers, I tell you that in the unseen world he is unknowingly talking to demons through waves, frequencies, signals and vibrations.

He is unknowingly talking the language of the fallen ones although he thinks it is just numbers, signs and symbols, yet they are communicating with the evil ones that are influencing them to go deeper and find the answers in darkness and draw power into devices and rule human mind and consciousness.

Those who possessed the understanding and knowledge of this language those that are known as mathematic genius or scientists and those that have invented different technology devices in this world unknowingly their true identities are sorcerers.

THE BIG BANG THEORIES

My dear brothers and sisters, the so called superior race in this world have taught the world that 4, 5 billions years ago, there was a big bang where our solar system was born, but I tell you that this is another darkness to blindfold the souls of the human race and they have established this lie on earth as a part of their education system of the whole world which have again become the cultural heritage of many nations on this planet.

They have built spaceships to travel to other planets in the solar system searching for extraterrestrial beings and life beyond which they did not find up to now because the truth remains that beyond our planet there is no other life because this is the only planet in the whole universe where life exist.

Again through their lies, they have told the human race that we are made of star dust, again which is not true. Now listen to me my people, let me tell you that all those planets in our infinite solar system are dead and completely empty and dry, therefore only planet earth that have life in this infinite solar system and as most of you have read or heard in the bible that in the beginning, God created the heavens and the earth, whereby the solar system was made on the fourth day of the creation which

the so called scientists in this world calls the big bang theory and as the bible say that this world is a shadow of the invisible world, it is because the LORD God in his infinite might and powers have created all those visible dead planets in our solar system to reveal this to you unbelievers you blind and deaf souls of this last generation for you to see the truth with your physical eyes so that this truth may be your witness against you on the judgement day of the Lord so that you may not have any excuse on that day.

Like I said that this world is a shadow of the invisible world. My people, listen to me. in the beginning before planet earth and the whole universe was made, the Lord God has created a spirit and empty worlds which is a dead worlds that looks like those dead planets in our solar system with a reason to keep the souls of all the dead after they have left the earth.

Look here, humans in this world although they live happy, wealthy, poor, good looking or suffering yet if they do not have the holy spirit of God in their hearts. I tell you that their souls lives in those dead and lost worlds that are called the worlds of the dead which are also called the world of he past

because those are the worlds where all the dead in this world who died in their sins went to sleep since the beginning of time and their souls are sleeping in deep unconscious state just like the living in this world sleeps deep at night but the bad thing of those souls is that some of them are waiting to be resurrected to the eternal condemnation when the Lord comes and the rest are also waiting to be condemned on the judgement day of the Lord.

These are the dead worlds where the Lord God has made the dead planets in our universe as a shadow or a picture to reveal the hidden truth to this last generation.

In this world those whose souls stand on the foundations of false religion, traditional and cultural beliefs and practices, witchcrafts, sorcery and, unbelievers, backsliders and all the ungodliness, their souls have been trapped into those worlds, a worlds filled with storms, waves, winds, thunders, lightnings, winds, floods and whirlwinds and these are the spirits of anger, hatred, bitterness, pride, murders, lies, sexual immoralities, jealousy and stealing whose real identities are principalities, powers, authorities, rulers of darkness and spiritual wickedness ruling in the worlds of the dead.

They are prison worlds were the hearts of mankind on earth lives. A worlds were life, peace and rest does not exist. Though they are being called the living on this planet yet their souls lives in the worlds of the dead where they have been trapped and if they do not repent of their sins and come back to the Lord Jesus while living in this world then they will be trapped there forever.

These are the worlds of thick darkness with no light in them, it is a worlds that dwells into the deepest space and far away from the presence of the Lord Jesus Christ and the Lord God has put a barrier between the world of the living and the worlds of the dead which is called eternity.

The good example that the Lord God has given us in this world is the distance between our planet earth which is the only living planet in this infinite universe and those other dead planets in our galaxy which is completely impossible for men to go to.

Just like on this earth no man has the power or ability to travel to the moon, mars, Jupiter and other planets in our galaxy or the sun because we are stuck or trapped on earth forever, this is the same in the spirit worlds were humans souls have been trapped and lost, therefore the only bridge

between the kingdom of God and the lost world is called Jesus Christ.

My people, look here, because human souls have been trapped and lost into those prison worlds, the Lord Jesus Christ is feeling a deep sorrow in his heart for his children, therefore he has planted his own tears into the hearts of his people who he has sent down on earth to cry out his tears to this last generation and these are the people that we call as music artists or singers who sings what we call sad music, emotional songs, soul music or any type of music or songs that takes human thoughts out of this world when they hear these songs playing because these types of songs are of the spirit worlds.

They are the eternal tears of the Lord God yet in this world it is a gift to humans.

They are eternal tears of the Lord Jesus Christ and again they are generational and ancestors tears whose souls have been trapped into the prisons and eternal lost worlds.

These singers have been sent down here on earth by the Lord to cry out his tears to this last generation so that humanity may feel his deep

sorrow in his heart through these types of songs or music because of the lost souls of his children so that they may change their ways and repent while they still have time in this world.

The Lord Jesus Christ is crying tears for the souls of his children who have been trapped into the worlds of eternal lost hope, he is crying tears for the souls of his children who have been lost into the worlds of eternal regrets, he is crying tears of his children trapped into the eternal broken and dead worlds, again he is crying for his children who have been trapped into the world of eternal unfulfilled dreams and desires, he is again crying tears for the souls of his children roaming into the eternal empty cold and very cold dark lost worlds.

He is crying tears for the souls of his children living in the eternal forgotten and abandoned worlds, he is also crying tears for the souls of his children trapped into the worlds of eternal loneliness, again the Lord Jesus Christ is crying tears for the souls of his children that have been trapped into the worlds of eternal sorrow and lastly the Lord Jesus is crying tears of longingness to unite with his children.

That is why he has sent his people to cry his tears so that humanity may wake up from their deep sleep

and seek his face and be saved while they have time in the world of the living.

This is why when a human spirit hears or listens to these types of music or songs playing, the holy spirit of God wakes them up from their deep sleep saying, please wake up from your sleep because you have been trapped into the eternal lost worlds.

Therefore seek the face of God while you still have time on earth, then they wake up from their sleep, but instead of searching for his face and repent of their sins although they have heard of the word of the Lord Jesus Christ in this world, because these blind, deaf and mute souls are on a journey of seeking a place called home to find peace, rest, quietness, comfort and healing, yet they ride onto the wings of the rhythm of the music or songs which they say they, wow or hmmm, I love this song, when you feel the rhythm of the song or music, this is your spirit dive deep into those worlds crying, screaming, shouting and seeking for a home to rest but in the end your spirit find none because time or the past is just a shadow world that was made out of the eternity just like the shadows that are in the eggs of both an eagle and snake will be hatched into their permanent nature accordingly.

Just like the eggshell will be destroyed permanently after hatching and the shadow is hatched into their permanent nature, so shall time also be destroyed forever in the end after all human souls will be hatched or turned into their eternal nature, either into the identity of the chicken who is the Lord Jesus Christ or the identity of the snake who is Satan the dragon with seven heads.

Children of the chicken will be turned into the light and those of a snake into the darkness forever and then the Lord God shall keep the children of the snake on his left hand side those who were created for destruction together with their father the great dragon with seven heads and all his angels he will throw them into the lake of fire that burns with brimstones where they will be suffering for all eternity.

Then shall the Lord keep his children on his right hand side those who shall inherit eternal life into the kingdom of light and they will be heirs of the new earth and everything in it and they will rule as kings sitting on thrones while God and the lamb shall be the temple and they shall be lifted high up sitting on mount Zion just like the sun is lifted high up in the sky illuminating the whole earth, so shall

the face of God also illuminate the whole creation for all eternity.

Again let me tell you that when you say that you are addicted to these types of songs or music and keep playing and put them on repeat or when you are alone and start to sing to yourselves unknowingly and humming, this is because deep down in you, your soul is screaming, shouting, crying and calling and longing to find a home and lay down the burden in it because human souls are on the journey of finding life, peace, rest, light, healing comfort and quietness but they finds nothing because they been trapped in an empty and bottomless dark lost worlds that have been not built on any foundation to rest or find peace, this is why you think in this world of time you keep playing same music on repeat because you think you like this music but the truth is that it is your own soul that is on a journey to find a home to rest.

My dear people, let me tell you that every human soul knows exactly where it came from before it was planted into this world or in their earthly bodies and they remembers very well of a peaceful life where they came from.

Again when you hear these type of songs playing, you say to yourselves, this song takes me back in time but the truth is that When you think that the music reminds you of some good moments or memories back in time, this is because your every word, work, thought and every moment and your whole life have been trapped in the worlds of the past and they have been recorded in every seconds, minutes, hours, days, weeks, months, years, decades or centuries and stored in the worlds of the past because God have created the past as his storage to keep everything that shall be destroyed in the end.

That is why when you say the music takes you back in time, this is because your soul is trapped in this storages of the past searching for life and tries to wear or cover itself with the past because it feels hungry, thirst, burden and naked and suffocated in the lost worlds and it tries to cloth itself with your past but it cannot because the past or time is just a mere shadow of eternal life.

your spirit men always ride back into these worlds searching for life where your own souls have been trapped because these are eternal lost worlds and like I said that what humans calls the past, it is the

storage for God that he has prepared to keep everything that he shall destroy on the last day because every soul that lives in the past is a naked one, therefore he who shall be found naked shall be destroyed. Therefore please repent of your sins, be born again in the water and spirit so that you will be filled with the holy spirit of God and he will forgive you of your sins and come back in his presence and be found with your clean robes on and you will be saved.

Look here, On the day that the Lord Jesus Christ died on the cross, God the father has poured out his wrath in full that was meant for the human race into the soul, spirit and body of the son because Jesus is the only perfect sacrifice or a qualified candidate to destroy sin because he is God whose beings is beyond what is known as eternity. Therefore it was fit for him to destroy eternal death in his own body through sacrifice as a lamb and during his punishment, he has felt the eternal wrath of God as a man for a period of eternity although on earth it only took three days. God has mercilessly crushed the son for the sins of men so that in the end there will be perfection, holiness and righteousness.

Because God died as a man whose body carried sin, so he has again built a perfect body that is free from sin, corruption and death, a body which its nature carries life within and this is the body that he will give everybody who shall accept him as Lord and savior.

Again his shed blood has washed away every dirt and sin that had covered human nature because he is God, therefore he who shall accept Jesus Christ as his Lord and savior shall be washed by the blood of the lamb and become his son forever.

Although the son died on the cross, yet he is God almighty who have fought all the forces of darkness in the lost worlds and defeated the enemy and took the powers of death from the enemy and the key that held captive human souls in that world then he went to preach the good news to the souls of those that were chained in these prison worlds and those who believed him were released from those prisons and they went to paradise to rest there waiting until the end so that they may be clothed with glorious bodies according to the promise of God.

But those that did not believe him in those worlds are still held captive in those prison and sleeping waiting for the judgement of the Lord because they

shall be condemned because they have rejected the word of the only hope for human souls.

That is why the bible say that [JOHN 3;16f]or God so loved the world that he sent his only begotten son so that who ever believe in him will not perish but have eternal life, this is because Jesus Christ is the only bridge that is able to save the lost souls from the worlds of the dead to cross into the world of eternal life.

My dear brothers and sisters, now is your time to repent and accept the Lord Jesus Christ as your Lord and savior while you are on earth so that your souls may cross over from the prison worlds and find eternal life in the kingdom of God because after condemnation those souls shall live in the worlds of eternal pain without rest, day and night, an eternal corrupt dry broken and dead worlds of eternal shame and nakedness.

They shall cry eternal tears of lost hope, a worlds of eternal emptiness, a worlds were life does not exist and their heart beats shall be tears of eternal sorrow, tears of eternal loneliness, tears of eternal regret, tears of eternal hunger, tears of eternal thirst and tears of eternal heaviness of souls. . And a worlds were light does not exist. In this moment,

just think of a worlds without the sun, a very cold and empty worlds, it is a worlds of eternal thick darkness.

A worlds of eternal fear and these are the worlds that the Lord God and the lamb and all the angels shall completely forget and abandon and will never exist in their mind for all eternities for as long as God lives, also a worlds where they shall be resurrected unto eternal condemnation if they die in their sins.

As it is written in the book of revelation in the bible, outside are dogs, liars, sorcerers, sexual immoralities , idol worshipers, murderers and all the ungodliness shall dwell in those worlds of thick darkness for all eternities because this is a light punishment from God while Satan and those who deserve a heavy punishment shall be thrown into the lake of fire that burns with brimstones.

My dear brothers and sisters, look here, human souls who live without the holy spirit of God are dead, deaf, mute and blind, they cannot hear or see anything within themselves yet in their natural bodies they are thinking with their brains and look with their physical eyes or reason with their hearts

and say to themselves that all is well yet they do not know that their spirit men are dead.

Look here. The very person that is you is your own spirit men who shall continue to live forever even after you have left this earth, therefore do not be deceived by those who says that human lives ends also when we die in this world because the truth is that just as there a natural world so is there a spirit worlds.

Therefore do not trust the wisdom of humanity when it comes to things of the spirit but rather live a spiritual life to see the truth because we are all spirit beings trapped in clay and again listen to the word of God because one day the clays where you live and feel proud of will die and buried in the ground and decompose and turn to dust forever but the very you as a person will still continue to live and you do not know if it is in the worlds of the dead or the kingdom of eternal light, therefore I am advising you to choose life while there is still time.

I am asking each one of you whose hearts dwell far from the Lord to listen to my words and the words of my brothers and sisters who preach salvation for human souls around the world in the name of Jesus Christ that if you cannot see or hear anything within

your yourselves then listen to us so that your souls may be saved from the eternal condemnation before you cry tears of eternal regrets and tears of eternal lost hope.

Find a good church in your local areas and be baptized in the water and spirit and become a born again child of God and you will be freed from those prison worlds and know that after baptism you must become citizens of the kingdom and go out there and share the news of the kingdom of God because that is the great commission that God has given to mankind to serve the kingdom.

Look here, The Lord God have has established the past worlds on his left hand side, a worlds that were made even before our universe and galaxy and they are a worlds that are very deep and far away from his presence and any minute those who die with their souls trapped in those worlds, their spirits descends into those deep worlds of darkness were they will be sleeping waiting for the judgement day and those who have heard of the word of God and rejected it their reward shall be eternal condemnation.

Again the Lord God has made his storage for the souls of those who have hope and faith in him which

is known to mankind as the future which he has established on his right hand side and the souls of these people are resting in the paradise in his presence for eternity and all these have already pass through judgement because of their faith and hope in him and their souls are resting in peace and the peace of God is emanating from their bodies shining like stars of the night sky.

My dear brothers and sisters, listen to me, as we all know that in this natural world we need water, air and sun to keep us alive so do our spirit men needs the holy spirit of God to keep us alive because these things which water, air and the great fire which is the sun, all these three things are the shadow of the holy spirit of God in this natural world.

That is why there is no human being, animal or any plant on this planet that can survive without water, air or the sun because these three things gives life to this creation just like the spirit of God gives life to human souls, same goes with the souls that dwells in the worlds of the dead.

Any spirit men whose heart is built on religions, traditional and cultural beliefs and practices, witchcrafts, sorceries and politic, they live in those worlds in categories according to the foundations of

where their hearts are built from and they are blind, deaf, mute and disabled with all kinds of rare conditions, sicknesses and diseases that we see in peoples who were born with rare conditions and diseases in this world or again people that were born poor, homeless and beggars.

Look here. Do not think that when you see these people living in these conditions are cursed or there is a genetic problems in their bloodlines, no, the reason is because these are the faithful and loyal warriors of God and the Lord himself have selected them from the foundation of the world to come down on earth to reveal his truth to humanity about the living conditions of human souls who lives without the holy spirit of God in the spirit worlds.

In this world, those of you whose hearts lives far from the Lord Jesus Christ you may look healthy, strong, beautiful, rich, wealthy and famous. But if you were to be revealed how your spirit men looks, I am telling you that for the rest of your lives on earth you will be nauseous, disgusted and vomiting and will refuse to accept yourselves just by looking at yourselves because every kind of rare condition, diseases and sicknesses, nakedness and poverty stricken beggars that you see in people around the

world living with these conditions, that is also how the spirit men who live without the holy spirit of God in those worlds looks like.

Like I said before that people who were born with these conditions in this world, they are the loyal and faithful warriors of God who were sent down into this world for you blind and sick souls to see how your spirit men lives. Look at how you feel disgusted or nauseous just by looking at these people yet you do not know that this is how the real you as a spirit being lives. But I tell you that in the end, the Lord God shall reward his faithful warriors who have fought a great battle in this world because they have conquered all you mocking, shame, embarrassment, laughter and curses.

Again I want to ask if there is anyone of you whose body will stay clean if they do not take shower or bath with water, the answer is no, therefore he who does not have the holy spirit of God is again a rotten, smelling and dead being in the spirit worlds.

That is why you all must return back to your creator, repent of your sins and be born again in the water and spirit and the Lord will fill you with his holy spirit and forgive your sins and give you eternal life and even if you die right in this moment, you will wake

up in the kingdom of light where the face of the Lord God shines just like the sun shines in this world and give light to the whole creation because God has made the sun to show this world as a picture of his face that shines and give light to the whole creation in his kingdom where peace and righteousness dwells for all eternities.

He lives in the world of light sitting on his throne lifted high on mount Zion and rule the whole creation. Again the Lord God has made the stars in the night sky to show humanity how those who will be saved will shine in their glorious bodies in the kingdom of light for all eternities, again he has made the moon to count the beginning of time of mankind on earth until the end of time before his second coming when he shall come to rule this world for a one thousand years.

SCIENCE

Again in our generation, through their knowledge which is called science in this world, the children of the serpent have lied to the human race saying that earth is facing climate change or global warming because of human activities but I tell you that these are the times that were spoken of by the Lord Jesus when he said that watch out so that you may not be

deceived because many will come in my name saying I am the Christ and will deceive many and you will hear of wars and rumors of wars and nations will rise against nations and kingdom against kingdoms and there will be famines, pestilences and earthquakes in some parts of the worlds.

All these things are the beginning of sorrow. Then they will deliver you up to tribulations and kill you and you will be hated by all nations for my names sake. And then many will be offended and betray one another and hate one another.

Then many false prophets will rise up and deceive many. And because lawlessness will abound, the love of many will grow cold but he who endures to the end shall be saved.

The gospel of the kingdom will be preached in all world as a witness to all the nations and then the end will come.

My dear people Look here, in those days on the day that the dragon and his fellow rebels lost war in heaven after they were captured and stripped off their names, identities, positions and glory in heaven, they were left hungry and naked with a heavy shame in their faces and when they were

about to be thrown down into prisons of darkness, so their leader the dragon with seven heads and ten horns whose name was Lucifer he have requested the Lord God saying that since God is a righteous God he must let the dragon and his fellow rebels to be thrown down on earth were the children of men lives because they have also sinned against God and they carry the nature of the dragon which are lies, stealing, pride, witchcrafts, murders, jealousy, hatred, bitterness, sorceries and anger and others so that the Lord God may also judge and condemn the children of men on his day just like he has condemned these fallen angels.

So, the Lord God have granted the dragon his wish and gave Satan and his rebels the right to come down on earth and rule over mankind who have also sinned against the Lord God.

And from that time on when the fallen angels came down on earth, God had only given them the right to own and rule the first day of the week until the sixth day, until the sixth year, until the sixth decade, until the sixth century and lastly the sixth millennium but every seventh day, every seventh year, every seventh decade and every seventh century are the Sabbath and the Sabbath belongs to

the Lord God alone, that is why I am telling you my people that the earth is at the end of her six thousand years and she is heading into her seventh millennium of existence since the creation and the seventh millennium is the Sabbath of the Lord God alone therefore on the Sabbath millennium of the earth, the Lord Jesus Christ is coming to reign this world as king and Lord of the whole earth to restore all things as he had intended from the beginning.

That is why the sixth thousands years of the earth is a mark of the end of the government of Satan the dragon and his rebels, therefore God himself has mark the number six as a mark that will be carried the three entities those who were destined to end up in eternal hellfire since the creation and they are Satan the dragon with seven heads and ten horns , the beast with seven heads and ten horns and also the false prophet because from the beginning of the creation of this world, these three beings were destined to carry the mark of the end of evil government on earth and altogether their mark is 666.

And because their government is coming to an end with everything being fulfilled, so the lamb has opened the first seal of the scroll with seven seals

that is mentioned in the book of revelation in the bible because the judgement of God for this world has just begun.

When the first seal have been opened, there came out a rider of the white horse with a crown on his head and bow in his hand. The lamb has sent out the rider of the white horse into the world on the mission of conquest because he is the conqueror of Babylon and he is the end time prophet who is coming to foreshadow the coming of King of kings and Lord of lords and also to prepare the people of God of the future events just like how John the Baptist was preparing the way of the Lord when he came as a lamb to die for the sins of men.

My dear brothers and sisters, listen to me. The seven seals of the scroll in the right hand of God almighty that is mentioned in the book of revelation in the bible, they represent the seven thousand years of mankind on earth and every deed that humanity have ever done in this world whether in the past, present and future or in secret or open. Therefore the time for the judgement of this world have begun.

And when the time of these three beings comes, they will also mark their people on earth all those

whose names are not written in the book of life of the lamb and they will claim ownership of their souls with their mark sign 666 which is also the name of the beast who is coming with powers and authorities and rule over every nation on this planet for a period of seven years.

Therefore my people, the reign of Satan on earth is now and Babylon has fallen and do not be not troubled by the ongoing wars because this is just the beginning of sorrow and again it is nothing compared to a global or the third world war that is yet to come in future, therefore you must prepare and strengthen your faith in the Lord Jesus because the time has come.

FALSE KNOWLEDGE

Like I have said earlier that the seeds of the serpent have established their false knowledge on earth that have become the education system of the whole world with the aim to capture and imprison the minds of the human race and limit their thinking ability not to go beyond the roof of the sun or go deep within their hearts to find their purpose in this life and discover who they are.

Therefore Babylon has imprisoned and limited human minds with her false knowledge which is the knowledge of dust so that humans may not find spirituality, a world where truth lies.

Because of the education system of this world, humans mind have been trapped in this world by the things of this world and became blind to the things of the spirit, and their knowledge have become the cultural heritage of this world which have led many into the wide path that have blinded them to the things of the spirit.

As a cultural heritage of this kingdom, little children are being initiated into the very first step of prison of human mind which they call kindergarten.

And because of lost identities, emptiness, shame and nakedness of human souls in this world, the whole human race is running from all four corners of the earth in search of this knowledge to cover their nakedness and gain identities among others.

Mankind have become beggars of this knowledge with the aim to cover their nakedness in this world, that is why everybody on earth in every home, families, communities, societies, and the world at large they all wants to be recognized, known or

shine. They all wants to have identities and titles through this borrowed knowledge because their souls are naked and empty.

And after acquiring this knowledge depending on the depth of the level which they have achieved, then they are rewarded with crowns on their heads, the crowns of Babylon which they call diplomas, degrees, masters and honorary degrees or PHDs and then they start to boast and feel proud saying that they are educated.

They are boasting in possessing these crowns of Babylon yet they do not know that this knowledge system was designed by the serpent himself to capture, imprison and trapped their minds into the world of dust which is the world of time so that in the end those who were boasting in possessing this knowledge and forget Jesus Christ in the end their souls shall still go empty, naked and hungry forever.

The crowns on their heads or those PHDs, masters and honorary degrees and diplomas, they are a dry and dead knowledge without moist or wisdom. It is a knowledge that gives no life to humans souls. Their knowledge or those crowns on their heads is food of dust which is chicken foods.

Their knowledge is like a night sky without stars and moon or a world without the sun, or a world without the four directions of the wind and again their knowledge is like an empty dry shell of an egg of a chicken, again their knowledge is like a dead body without a soul and again their knowledge is the darkness that has put humanity into a deep sleep.

Humanity is boasting in the crowns or knowledge of Babylon on their heads yet they do not know that their knowledge is cages and prisons to their minds, a knowledge that is limited under the roof of the sun and ruled by time because their dry knowledge or crowns on their heads shall one day fade in dust of the ground forever as times goes by.

My people look here, after the beggars of this knowledge have been rewarded with crowns on their heads then they cover the shame of their nakedness with the borrowed robes of honor and glory of this kingdom that are known as medical doctors, engineers, scientists, judges, geologists, professors, nurses, lecturers, lawyers, pilots, businessmen and women, directors, astronauts, astronomers, teachers, and every borrowed robe of honor and glory of the kingdom of Babylon that

have covered the nakedness of humanity because of the knowledge system of this kingdom.

humanity do not know that their borrowed robes of honors and glory or statures named in their honors, their memories, their faces and names printed on silver, gold, bronze and papers which is called money and their trophies that they have won in this world, their wealth, possessions, legacies and crowns of dust and also their great names acquired in this world, all these things shall fade away in dust like a shadow or at the end of time they shall be turned into dust forever and if they did not repent of their sins and feed their souls with the foods of the eagle which is the knowledge from above and cover their nakedness with the word of God, the knowledge of the LORD Jesus Christ while they are still living in this world, then their souls shall still go empty, naked, shameful and hungry for all eternity and dust which is their possessions in this world which is their works shall be turned into their food for all eternity.

But if they repent of their sins and become born again in the water and spirit and feed their souls with the foods from above which is the foods of the eagle that is the knowledge of the Lord Jesus Christ

then the LORD God will forgive them of their sins and he will fill them with his holy spirit and give them eternal life and those who shall fight against the enemy and conquer this world he will reward them with crowns on their heads in his kingdom and these are the imperishable crowns, crowns of righteousness, crowns of victory, crowns of glory, crowns of life and crowns of rejoicing and he will cloth them with the robes of honor and glory and they shall be kings and priests in the kingdom of God and they shall reign forever and ever in this world and the world to come for all eternities.

THE FIFTH LEVEL OF THE PYRAMID

The fifth level of the pyramid is the throne of the king who rules this world and he is the papacy of the roman catholic church.

My dear brothers and sisters, do not be deceived when you see the papacy dressed in white robes and called holy father because behind the walls of the Vatican city this being sits on his throne that is known as the eternal holy see which is the throne and altar of Satan the dragon with seven heads, this is the throne were they pour human blood for sacrifice to Satan in spirit who they call the all seeing

eye or the sun god and amun-ra of the ancient kingdom of Egypt.

The papacy sits on that throne the eternal holy see and communicate direct with Satan the dragon with seven heads. He speaks the language of fallen angels fluently which are demons.

The papacy knows exactly how the face of Satan looks like and he receives instructions from Satan to curse the whole earth put it under the powers of darkness with the powers of witchcrafts and sorceries of the scriptures of the books of the ancient kingdom of Egypt.

He is waiting to incarnate the spirit of the demon god horus into his body so that he may become a god and establish a one world government with a new world order.

My dear brothers and sister, let me warn you that if this being happens to take over the whole, this is what will happen to the human race.

Every man, women and child will be forced to give their souls to the sun god and swear an eternal oath and worship before the sun god.

Every human will be required to take a microchips in their hands and these will serve as your digital health passport, bank accounts, identity documents and every legal document that the government will need you to provide about your information. Your cellphones and pc will also be connected to their communication or call center to monitor your conversations, movements and your whereabouts and he who shall refuse to obey the law then their national identity documents, bank accounts, possessions, assets, properties, health passports, qualifications and everything that is registered on the system of this government in their names will be deleted from the system and they will be like they have never existed before and they wont even have an identity and whatever they owns will be repossessed by the government.

The children will be taken into facilities by the government for experiments and some will be taught new behaviors therefore no parent will claim ownership of their children because they shall belong to the government.

Only those who have sworn an eternal oath to the sun god will have access to the things of this

government that the illuminati is fighting to establish.

THE SIXTH LEVEL OF THE PYRAMID WHICH IS THE ALL-SEEING EYE

He is Satan, the devil and the dragon with seven heads and ten horns who is ruling this world as the god of this world through those who carries his bloodline those who call themselves as the illuminati and they live in his great nest which is the Vatican city who are fighting so hard to achieve their fathers agenda for the new world order which is to have a one world government, one world religious system and a one world currency so that he may be able to control humanity easily and destroy them at once because this is the wrath of the dragon and his fellow rebels against the children of God that they came down with since they were kicked out of heaven.

CHAPTER 2

WHO IS JESUS CHRIST OF NAZARETH?

My dear brother and sister, listen. Before eternity, I repeat, before eternity did not even exist, there have been someone whose name is I AM he whose beings is life itself.

The I AM lived for himself, by himself and with himself.

Glory is his face, love is his heart, humbleness is the foundation of his peace and righteousness is the beat of his heart.

Holiness is his nature and fire is his covering and his robe.

He is the one God in three persons which is the father, the word and the holy spirit and it is he who in the person of his word came down on earth in flesh to be called Jesus Christ the son of God to die for the sins of mankind so that God in the person of his son may bring back his people in the person of his sons and make them all sons of God. Look, there is no superiority or inferiority nor is there first, second and third in the Godhead because God is one and no one can exist or operate without others, the very good example that he has given to us humans is ourselves.

Look here, every man on earth is also one in three persons which is your body, your spirit and your soul and you cannot separate one of these from others because they are one and all these three is

you and this is exactly how God is one in his three persons.

So, in a moment God have thought of the creation but what he saw is darkness which is sin and death and he felt a heavy pain that have pierced his heart and a deep sorrow in his soul but all that could not destroy the love that he has for his creation.

Therefore God came up with the plan of redemption.

And the Lord God thought of coming up with the plan the creation, but all he saw was just darkness which is sin and death.

So, he spoke to himself and said, my creation do not have the fear of the LORD, so let the fear of the Lord be born from the very beings of God so that his spirit may dwell in them and guide them all and he will be the first born of all creation.

So, [him] the fear of the Lord was born as the first born son of God.

My dear brothers and sisters, let me reveal to you that when you read or hear in the bible that the fear of the Lord is the beginning of wisdom, these are not just words but a he, a person and a man who

have been in the scroll/book with seven seals even before the creation.

Again, let me reveal to you that the Lord God bore [him] the fear of the Lord even before God laid the foundations of his throne and even before he established it.

[Him] the fear of the Lord was born even before the Lord God laid the foundations of his kingdom which is called the eternity, a foundation where he has established his kingdom which is the heaven and everything that is found in it.

[Him] the fear of the Lord was born and given his name before any created being has given a name.

[Him] the fear of the Lord was born before space appear or any galaxy, planet, universe, sun, moon, stars and earth with everything in them were created.

The Lord God bore the fear of the Lord even before he drew knowledge and wisdom of the creation from his heart.

My dear brothers and sisters, listen.

As you have read what the Lord Jesus had said that just like the father has life in himself, so does the

son also have life in himself, he was not talking of himself but he referred this to the first born of all creation who is the fear of the Lord.

Now know the difference here, the fear of the Lord was not created but born, he who was born carry the same characters of his parents and he who have been created is still being nurtured to become like his creator.

That is why he who was born has life in himself just like his father.

At the very moment of thought of the creation, the father came up with the plan of salvation just when it is was a thought and he sacrificed himself by putting on the flesh and become human and son of God, so did the fear of the Lord also followed his father into darkness and sacrificed his life and died for the love of the father and he conquered death exactly just like the father did.

He is the one that the Lord Jesus spoke of when he was on earth when he said, just like the son has life in himself, so does the son have life in himself and again when he said, prepare because no one knows the hour when the son of man will return.

Not even angels in heaven nor the son but only the father.

[Him] the fear of the Lord went into the deepest darkness to fight the enemy and bring back the glory of the father that the enemy stole just when everything was just a plan and he came out victorious.

So the Lord God has clothed him with the glory of God by making him the son of God and the firstborn of all creation and also declare that it will be through [him] the fear of the Lord that man and every living creature will receive wisdom from God and again it will be through [him] the fear of the Lord that he who believe in him, his heart shall dwell in the presence of God and he who don't believe in him, his heart will be far away from the presence of God the father.

Again since the time of Melchizedek, it is his spirit, the fear of the Lord who have been guiding ancient prophets and kings and judges of Israel about the fear of the Lord.

That is why you read in the bible that the fear of the Lord is the beginning of wisdom.

Again let me reveal to you my dear people that [him] the fear of the Lord is the stumbling block for many Christians when the Lord Jesus said that the first will be the last and the last will be the first.

Meaning, many Christians of this last generation will not believe in him when he appears preaching the everlasting gospel, they will reject him. Therefore, God will put their hearts to test through the great tribulation that is to come and fall on the whole world.

Many will enter into the kingdom of God through suffering and death while the unbelievers of this generation, many will accept him, repent and believe in him and their hearts shall be found clean and the lamb shall take them into his kingdom for the lambs supper or wedding into his kingdom they will be the first to enter into the kingdom before those who calls themselves Christians of this last generation.

Again, my dear brothers and sisters, let me reveal this secret to you that after [him] the fear of the Lord have conquered the enemy even just before the creation and reward him, so the Lord God has hidden him and revealed him even to the angels in

heaven during the revelation by the Lord Jesus Christ to his disciple John.

It is him who have been mentioned in the scroll or what we call as the book with seven seals in the book of revelation chapter 6.

He is the rider on the white horse who have been given a crown on his head and a bow in his hand to conquer because he has conquered the kingdom of darkness which is the kingdom of Babylon that sits or rule many nations, therefore he is called the conqueror of Babylon.

When he appear, he will establish the law of the kingdom of heaven on earth to prepare humanity for the Lord before he come to take his church.

He will have power and rule this world with a rod of iron just like how his father shall come to rule the whole earth with a rod of iron for a period of one thousand years.

And after that the Lord God looked deep down in his heart and he drew out knowledge and after that, he drew out wisdom and after that he laid a foundation of justice and righteousness and on these foundations, he then established his throne.

And God sat on his throne and then God laid a foundation and he called it the eternity and, on this foundation, he created or established a kingdom and all its beauties and glory and he called it the heavens and then God see that everything is good and then he continues with his creation.

My dear brother and sister, look, the greatness of God is too great that makes the heavens and eternities groaning at the weight and the presence of the love that sits on the throne because they cannot contain him and even the four creatures in his presence are burning in flames of fire of the power and presence of love therefore they do not stop to worship him from eternity to eternity because they cannot stop because of the power of his love that endure from eternity to eternity.

Look, all the planets in the universe and all the galaxies that we know, they are like grains of sands in his hand and even the sun in its glory and greatness is a shadow and dust in the presence of he that sits on the throne in heaven, He is the God that came down on earth as a man to redeem his people from sin because he love them and his name is Jesus Christ God almighty who lives from eternity to eternity.

WHO IS THE SEVEN SPIRITS THAT STANDS BEFORE THE THRONE OF GOD IN HEAVEN

The seven spirits that stand before the throne of God is the holy spirit of God and it is him who have brought everything in this world into existence, visible and invisible.

It is him who keeps and sustain the whole creation together, he who is God the consuming fire.

It is God in heaven who holds the light of this world and he has positioned his faithful and loyal angel to keep watch and rule over and control the lights of the sun, moon and stars according to their beings and according to the laws of light in the kingdom of God and no little ray that move without this angels notice because it is what he was created for and this is his duty since the world was made.

It is God in heaven who holds the firmament and he has positioned his faithful and loyal angel to watch over it and protect it from the evil ones. This is the angel who is responsible for providing the earth with rain, snow, dew, fog and mist and he does his works according to the laws from the kingdom of God and again no little drops of these touches or land on earth without his knowing because he was

created for this work and it is his duty in the kingdom of God.

It is God in heaven who holds the dry land, seas, plants and trees and he has positioned a faithful and loyal angel to take care and plant trees, the plants and grass in all the earth and also protect these against the evil ones and no seed or plant that can be sown or die without his knowledge and again no part of land or waters of the seas is out of his sight.

It is God in heaven who holds all the celestial bodies in the universe. From sun, moon, stars and all the planets. And he has positioned his loyal and faithful angel who keeps and direct these celestial bodies in their paths and order according to the laws of times and seasons of this world and he possess full knowledge of the celestial bodies because for this reason he was created and again it is his duty to protect them against the evil ones until this world is no more.

It is God in heaven who holds the creatures that lives in the sea and also creatures that fly and the Lord God has again positioned his loyal and faithful angel to serve him and take care and feed these creatures and also to protect them against the evil ones. Again, no whereabouts or activity of any sea

creature or birds that fly is without the knowledge of this angel because it is his duty to take care of these until this world is no more.

It is God in heaven who holds animals that lives on the land again the Lord God has positioned his faithful and loyal angel who is also a shepherd angel of all wild animals that lives on land. It is him who leads all these creatures to their grazing areas and lead them back to their resting places either during the day or night.

He has the knowledge of whereabouts and all the activities of every creature from little ones as ants to the bigger land animals which are elephants and giraffe. His duty is to protect wild animals only because God has given domestic animals to the children of men. And again, it is this shepherd angel who protects all land animals against the evil ones.

Again since man was created on the sixth day so the sixth spirit that stands before the throne of God in heaven also stand as a sign of the end of man's rulership on earth because as we all know that the seven spirit that stands before the throne of God in heaven represent the Sabbath which is the resting of the Lord which the Lord has given to everyone who will believe in the name of Jesus Christ.

THE CREATION OF HEAVENLY BEINGS

So God have continued with his creation and he opened his hand and say, let my spirit bring forth every kind of a seed to serve me in my kingdom for all eternity and then the spirit of God have brought forth all kinds of seeds in his hand and then God commanded them saying, look, I have created the heaven, its beauties and glory for you, therefore go out there, search and find for yourselves treasures that suits you and put them on and present yourselves before me because what you shall put on shall be your names and identities and you shall serve me in my kingdom according to your names because your names shall be your identities and you shall serve God according to your positions in my kingdom for all eternity.

So all these seeds went into the eternities to search and find treasures for themselves and they put them on and present themselves before God and they are in groups or categories or ranks known as Seraphims, Cherubims, virtues, principalities, powers, authorities, thrones, archangels and angels with their names and their names have become their positions in the service of the kingdom of God but there was another seed that did not look like

others and it did not go in search of treasures into the eternity but instead it just took its hands and searched deep down into its own heart and brought out weapons of wars that are called hatred, lies, stealing, pride, killing, jealousy, witchcraft, sorceries, anger, bitterness and unforgiveness and it came and presented itself before God with its weapons in its hands, but then the Lord God grieved in his heart yet he blew these things away from the hands of this seed with the breath of purity and because God was grieved in his heart because all he saw was darkness in the heart of this seed and his creation, so God could not destroy this seed but instead he showed it great love by anointing it with the knowledge and wisdom of the creation which is the power above all other created beings in the eternity and he appointed it to be the guard of his throne and again God created instruments of music within the very beings of this creature which have made it to have many beautiful voices because the Lord God have also decided to make it the lead singer or worship leader of music in heaven and again the Lord God has made this cherub the second in command in all the heaven after God himself and he gave it an honorable name which is Lucifer which means the light bearer or morning star because it

was shining in beauty because it carries the knowledge and wisdom of God and again the Lord God has clothed it with a robe of glory, a robe that have been covered with every kind of expensive stone that was in heaven and this have made this creature perfect in beauty and its beauty surpasses all other creatures in heaven.

Because it is a matter of freewill, so the Lord God have clothed Lucifer with all these knowledge and wisdom and then he brought him to live in his presence so that Lucifer may learn and get to know more about his creator so that his plans for rebellion that he hides in his heart may die or fade away but because of the pride in Lucifers heart and because he saw who he was, his power, position of influence and ability, all these have covered his heart from seeing and knowing the depth of God beings.

Therefore he decided to go ahead with his plan of rebellion in his heart that led to his downfall and eternally condemned to hell.

**CREATION OF MANKIND WHICH IS ALSO CALLED
THE CREATION OF THE BEGINNING AND THE END**

After the Lord God has created the heavens and everything in them, so he continued with his plan of creation although he saw the darkness in Lucifers heart and everything that is to come, yet he has continued with his plan of creation because he love his creation. So out of the eternity, God took a shadow and laid it as a foundation and he called it time or the beginning and end and on this foundation he created the earth and everything in it, space, galaxies and all the planets and everything in them.

So God have continued with his creation and he opened his right hand and he said, let my spirit bring forth seeds from my very being, the seeds from the very beings of God, so the spirit of God brought forth the seeds from the very beings of God and presented them before God and God commanded these seeds saying, go deep into my heart which is a treasure house and find yourselves treasures and put them on and what you shall put on will be your names and your identities and positions in my kingdom because you shall kings sitting on thrones and rule in your fathers kingdom as kings with your servants.

But when Lucifer saw and heard this and because of his jealousy and pride and again because what have been given to these seeds is greater than what he possessed because he will also worship these seeds, he immediately went to these seeds and whispered into their ears to put on his nature which are hatred, anger, pride, jealousy, witchcraft and sorceries, stealing, killing, lies, bitterness and unforgiveness which have diverted them from entering into the treasure house which is the heart of God and after they have put on these nature, their whole beings became rotten and they presented themselves before God which have grieved God in his heart because they have gone against his will and follow the path of someone else and because they have put on rotten nature, so their own beings turned into nothingness which is dust which is also called Adam because my dear people Adam is not a name of a specific person but it refers to us humans who have put on the corrupt nature that have turned human nature into nothingness which is known as dust forever.

But because the Lord God loves his seeds so deeply even before creation, so he himself shed his own blood at that moment as a sign of his death to wash

or clean them in his own blood which is also to reclaim back his seeds to himself, so he continued with his plan and gathered them into groups according to their size, length, width and height and these are their attitudes and similarities in which he had gathered and made them into groups of families, tongues, tribes, races, nations, peoples and kingdoms and generations until the last generation as he had organized them so that they may be as they have been organized to come on earth.

Again in the beginning it was not the intention of God to create women or females therefore he chose the weaker seeds and he gave them the nature of his holy spirit which loving, caring and gentleness and he made them mothers or females and he again he gave others his nature of fatherhood so that humanity may carry one another into this world as fathers, mothers, brothers and sisters although in the end we are all brothers from the one father who is God almighty.

My people listen to me, just when we were seeds, we had given up authorities and powers to Lucifer even before the garden of Eden when we chose to put on his nature instead of enter into his heart and

search for our true identities that our father had asked us to search for, therefore everything was already done before manifested into existence.

Humanity have lost eternity even before the creation of Adam and Eve and for God to reverse this process, he had to create a world that have a beginning and end just like an egg of an eagle or snake so that at the end of time this egg will be hatched and the souls that dwells in this eggs will be hatched into eagles and some into the seeds of the snake according to their hearts so that God can separate them from one another forever and those who belonged to him shall inherit eternal life while those who belonged to Satan shall be condemned forever.

Chapter 3

WAR IN HEAVEN

When Lucifer saw that he have grew into the full knowledge of the creation, and with full of wisdom, influence and powers in heaven, so what was once blown away from his heart have again started to grow roots in his heart which is pride, lies, killing, unforgiveness, hatred, witchcraft and sorcery.

So he thought In his heart that he can be like God to be worshipped like the creator, therefore it is time to take over the creation and claim it as his own.

So he decided to quietly campaign against his creator and tell other angels to side with him and rebel against their creator so that they too may also be lifted high and be worshipped like God by other angels who they shall defeat and also by humans that God will create in his image.

The rebellion went on until war broke out in heaven and then Lucifer went deep down into his own heart with his hands to bring out all his powers and weapons of wars to fight against God and all the loyal angels of the kingdom but instead he just turned into a great fiery red dragon with seven heads, ten horns and seven crowns to fight against God.

My dear people, let me tell you that lucifer have turned into a dragon with seven heads because of the complete, I repeat, the word complete because what was once a little crocodile on the day it was created have grown into a seven headed dragon.

Therefore what he was hiding in his heart which is called iniquity have been revealed before God and his angels in heaven.

So Michael the archangel stood up first against the dragon because Michael was created for that specific moment of war and to defend the kingdom of God against the enemies because his name carry the power that no heavenly being carry.

My dear brothers and sisters let me reveal to you that when the Lord God thought of the creation, all he saw was only darkness which is sin and death and he felt the pain that pierced his heart and a heavy sorrow deep in his heart but all these could not reach or destroy the love he had for his creation.

Therefore he continued to work and recreate, redraw and redo on his plan of salvation for his children. He put everything in place even before the creation of the heaven and earth and after redraw his plan is where then he start the creation.

God saw every thought, works and word of every creature before he create the heaven and earth.

That is why he created archangel Michael with a very purpose because his name stood as his position in the service of the kingdom of God.

After Michael stood against the dragon then all the warrior angels joined the fight and stood next to Michael to fight against the dragon and his followers until the rebellious angels were defeated and captured and then they were stripped off eternal life and peace of God and also their names, identities, positions and glory in heaven and they were left empty, naked, hungry with a heavy shame in their faces but when they were about to be thrown into the prisons of darkness so the dragon made a request to the Lord God saying that since the Lord God is a righteous God, let him allow the dragon and his fellow rebels to be thrown down on earth where the children of men are because they also have disobeyed God and they carries the natures of Satan and so the Lord God has granted them this permission to come down and live on earth were they became the gods and goddesses of different nations and kingdoms of mankind and they rules this world even today.

THE BREATH OF GOD IN MANKIND

My dear brothers and sisters, the bible says in the beginning that God formed man out of the dust of the ground and he breathed the breath of life in his

nostrils and man became a living souls, ok now let me tell you this.

Look, the breath of God in humans is what is known as consciousness which is also called immortality in us which makes us eternal beings.

Although humanity in this world speaks different tongues and different words yet all our words consists of letters that are known as vowels which are A,E,I, O, U, and what humans calls vowels is the breath of God or consciousness or something that made man a living soul, the breath of life that made us eternal living beings that enables us to speak words of life or words that have breath of life in them that is why when humans speaks words, there are always vowels in every words we speak because it is the vowels in our words that enables us to breath or the breath of life, a breath that is not just coming from our mouths but from our eternal beings which is our souls because vowels is the eternal breath of God in a human.

The breath of life in humans is not the same breath as in heavenly beings angels, animals, birds, creepy things and sea creatures.

Because humans are the only creation that carry the persons and identity of God himself

That is why when other creatures from the Seraphims, the four creatures that guards the throne of God in heaven down to angels and all the creatures on our planet and in this whole infinite creation give sounds with their voices there are no vowels in their sounds because they do not possess breath of God in them although heavenly beings posses eternal life.

But animals in this world, their breath is just a mere burp which in the end after they die, their breath or life in them also ends there and disappear in dust forever.

Look here, in the beginning when the spirit of God have left us after we sinned against him, our spirit men also died therefore although we possess the image of God in us yet what is left in us is just a shadow of the holy spirit of God.

That is why the Lord Jesus Christ died on the cross for his people to give back what humans have lost in the beginning which is his holy spirit which is his very beings so that mankind may again come back

to God and have life abundantly to be called sons of God.

My dear brothers and sisters look here, it is very much important for every man on this planet who wants to have a connection with God or come back in his presence they need to be baptized in the water which symbolizes that they have died and resurrected with Jesus Christ and they have become one with Christ or a new creation because through Christ, God have given them eternal life.

Look, when we become born again in spirit, our dead spirit become alive and our spiritual eyes, mouths and ears start to open and we will be able to speak, see and hear things in the spirit which will enables us to speak the language of the spirit which in this world is known as speaking in tongues which every human in this world needs to since we live this dark kingdom and we need to fight the enemy that have enslaved us.

But before all these, you must know God and also know who your enemy is, meaning you must have the full knowledge of the things of the spirit worlds and this represent the helmet on your head.

Listen my people, exactly just how you see warriors of the ancient worlds dress when they are going to war, that is exactly how in the spirit world warriors of both the kingdom of light and darkness wears armors of wars.

Look here, when you have the knowledge and understanding of who Jesus Christ is it represent the helmet on your head in the spirit world against the enemy that may fights you with confusions in this world or the spirit worlds and the deeper knowledge you have about God so the stronger the helmet on your head is against the weapons of the enemy.

Again your faith in the Lord represent the breastplate that warriors in the battles wears to protect their chests against the arrows of the enemy.

Look here, when you fight in spirit or praying in tongues first you must throw away all the dirt and filth in your hearts which are hatred, lies, pride, jealousy, anger, bitterness and all the ungodliness because these things are like heavy stones that you are carrying on your back, therefore you wont be able to fight well while carrying heavy things on your back or in your heart and your weapons will

not go far or reach their targets because they are heavy and if you change your mind and clean your heart by throw them away then you must start to fast so that your flesh may become weak to detach itself from things you like and when you start to pray it will strengthen your spirit to be able to fight the enemy in the spirit world.

Look here, like I said that what we call vowels is the breath of life in us which is also the shadow of the holy spirit of God in us after he has left us when we sinned against him so we must unite with him so that we may have life again.

Look, since we are humans, every sound of every letter from A to Z have their meanings in the spirit world. When you fight in the spirit this is how you must fight against the enemy.

First of all declare what you want to do with the words from your mouth then follow praying in tongues. Dont start with the sound of vowels for example AAAAAA, EEEEE, IIIII, OOOOO, UUUUU. But always start with the dead letters that are not vowels because they are like bow in your hands and the vowels are your arrows. Example, BA or BE, BI, BO, BU or TE, TE, TI, TO , TU or some other letters but for as long as you build your vowels on the dead

letters then you are doing well in the battle. Do not just be stuck on dead letters for example TTTTTTT OR KAKAKKAKK OR DUDUDUDUD OR PAPAPAPPAP OR stuck with one word only in your mouth throughout but keep mentioning letters and build different words because like I said that the sound of every letter in the spirit worlds have their meanings.

For example say like this;
labaNEnanateteNApakakaNE, or
pepeNONANOrifakatesizubalawoNU. remember
always to keep letter N in your mouth because like
I said it is your feet on the ground in the battlefield.

Keep practicing and ask the holy spirit of God to give you this gifts and teach you to fight until you become a skilled warrior. Do not worry of what you are going to say because that is how the holy spirit displays weapons before you and you are just picking them up and fight but again your weapons gets effective against the enemy depending on the strength of faith in your heart.

For example the sound of letter B represent your shield in the battlefield against the arrows of the enemy, therefore you must keep mentioning it as many times as you can to keep blocking the arrows of the enemy, again the sound of letter C/S

represent the power to peek or look deep into the secret places of the enemy and again keep mentioning it as many times as you can so that your spirit may know what is going around you in that world.

For beginners you do not have worry about what you say or what is going on although you feel like saying gibberish words but only have faith because as times goes the spirit of God will start to open your heart and you will start to see these things in the spirit world. The sound of letter D represents your identity in the battlefield, therefore keep mentioning it to establish your identity that your enemy may know you and feel your presence which they feel your weight through the sound of letter G. Again letter F represent the regaining of your strength as you fight and letter J is to tear down your enemy into pieces while letter K/Q is the power to search and locate the whereabouts of your enemy.

Letter L is your power to hide yourself against your enemy against the enemy and letter M is your power to push or throw away any weight that have been put on you by the enemy and letter N is the strength of your feet to keep standing on the

ground in the battlefield against your enemy like a mountain that is unshakable by any storm and letter P keeps your frame or body together and it is the power that fix your brokenness or injuries during the battle like medics that treat the injuries in the battlefield.

Letter R is your weapon that you can use to trap your enemies and destroy them and letter T helps you freeze in the spirit worlds to freeze so that you may not be recognized by the enemy.

Letter V is the strength of your feet that helps you crush down the foundations of the enemy where your life is put by the enemy while letter W is when you are laying down against the weapons shot at you by the enemy, and letter X makes you stand like a very strong wall that blocks every weapon of the enemy thrown against you and letter Y is the swinging of your weapons in the battlefield and letter Z is the sharpness of your weapons against the enemy.

Keep repeating and building words from every letter to be able to fight the enemy well and always keep the sound of letter N in your mouth because it represent your feet to keep standing in the battlefield, never mention two to three words

without mentioning letter N because you must remember that you are fighting principalities, powers, authorities, rulers of darkness and spiritual wickedness that rules in high places therefore you must keep your feet firm on the ground or otherwise these evil ones in forms of winds, storms, whirlwinds, waves and floods and other created beings will sweep your feet away into the air and you will become like a leaf in the air swept by a strong wind and when you are swept into the wind and keep mentioning these words then you are just like a leaf flying in the air, meaning you are just wasting your breath.

When you pray in tongues make sure your breath to reach its end or breath in full because breathing half in spirit you will appear half naked to your enemies or half dressed in your armors with no power at all.

Therefore they will have a chance to target their weapons at any areas of your body that are not covered therefore when you pray in tongues with a full breath you appear to them covered in full armor and it depends on the weight of your presence against them to make them fear, tremble and run

away according to the strength and depth of your faith in Jesus Christ.

My dear brothers and sisters, anyone of you who decide to battle against these evil ones it will not be easy because you will lose a lot because the devil and his demons will make to turn your life upside down until you lose many friends or colleagues because they will influence many people around you to hate and reject you therefore do not give up in this fight because your reward will be greater in this world.

Look, since we all carry curses in our families and bloodlines, this is the battle we all must fight against the enemy to destroy all the curses that we have inherited from our ancestors or those that have been put on us by the witches and sorcerers. And they are either poverty, limitation, sorrow and others.

Look, keep praying in tongues for as many hours as you can and make it a daily routine in your life because this battle will not take weeks or months but it will take years depending on the purpose of God for your life.

And When your spirit man start to become alive he will become a smoke and later turns into fire itself and then this is the time when every curses that was put on you by the witches, demons and sorcerers even through generations of your ancestors will be destroyed.

Although you may sound gibberish or meaningless to yourselves or others, I am telling you that you are as a brilliant and fierce fighter or master that is equipped with all the skills and weapons in the battlefield.

After you have crossed all the mountains, oceans, hills, deserts, fire and dry lands then you shall see the morning star appear in your hearts and he will lead and guide you into the path that takes you to the dawn so that you may be found worthy to stand in the presence of him whose face shines like the sun and you will be rewarded with an eternal reward by our Lord God, although God has given all humans his breath yet in the end those who shall be found not worthy and condemned he will remove his breath from them and their spirits shall live in eternal suffocation without life which is death which is eternal pain, suffering, sorrow, regret, loneliness and fear. And they will be turned into

demon like creatures and their cries or sounds will be meaningless like those of animals and their nature will be one with demons because God will not allow his image or breath to dwell in the eternal hellfire because he did not prepare hell for anything that carry his image but for Satan and his followers.

THE DUTY OF THE HEAVENLY BEINGS IN THE KINGDOM OF GOD AND THE DUTIES OF ANGELS ON EARTH

My dear brothers and sisters, listen to me, after all the created beings in heaven were given their positions and duties in heaven according to their ranks and names, so God has selected the burning ones that which is the Seraphims to stand in his presence according to the design of his creation and because they are in his presence, these four creatures are burning in flames of fire of love and the holiness of God that have overshadowed their whole inner beings therefore they do not stop to worship God and sing holy holy holy is God almighty who lives forever because of the power and greatness of love they feels unto their eternal beings. They are the created beings that lives in the very presence of God and worship him from eternity to eternity.

After the Seraphims, there are other created holy beings that are again serving God in his kingdom with other responsibilities until down to those whose duties is to keep our universe and galaxies in order according to their seasons and to protect them against the dragon and his armies until the end of time.

Again according to the hierarchy and positions of these heavenly beings down into this world there are those whose ranks is called thrones and these ones duties is to influence any leader those who holds the positions of presidencies in this world with the ideas of God so that his purpose may be fulfilled through them. Look here, they may be seated on these seats doing what they feel and do corruption yet unknowingly to them some of their ideas have been influenced by these heavenly beings that serves God in these positions to fulfill his desire on earth.

From the hierarchy of these heavenly beings we come down to those whose duties and responsibilities is to minister the children of God on earth those who shall inherit eternal life and they are the ministering spirits that God has sent down on earth to serve his children. My dear brothers and

sisters, look here, in this world angels of God are always with us and live with us in all our daily lives and every situation we go through although they do not interfere in humans affairs in this world because this is the law from God, they only interfere concerning the battle of human souls against Satan and his demon.

Look here, many times or sometimes when you sleep at night or day these are the times you will see them in your dreams and hiding their true identities and they appear to humans putting on the nature of the creation like stars, a cloud, rain, wind, lightning, fire, a mountain, a rock, a tree, a road or path, a wall, a building, or a church building or any object in your dreams that serve in the best interests of you during that time of your dream. Again in our dreams, angels of God comes to us putting on identities of the people we know like our families members, friends, colleagues and others that we are acquainted with.

Again in you dream if you see faces of people putting on same types of cloth like a uniform these are again angels of God ministering to you in a certain area of your live according to their duty or department in the government of the kingdom of

God just like all the governments in this world have different ministries and departments with different people with their uniforms serve in different departments so does the kingdom of God also have different angels to serve in different areas of lives of his children on earth.

They can be warrior angels, angels of healings, angels of messages and deliverance, encouragements and others and then there is a guardian angel that stands next to every child of God and this ones duty is to record every word of their masters that comes from their mouths, every works and every thoughts of their masters.

My dear brothers and sisters, listen, again also in your dreams when you see a face of one of the head of states or any great man in this world coming to you with goodness then this might be also the Lord Jesus Christ comes to visit you.

Look here, angels of God only appear to the children of God putting on these hidden identities so that our hearts may not be changed by their true identities but the word of God only. Again just like how angels visit humans so do demons also visit us putting on these same identities but if you have the

holy spirit of God in you then they can not deceive you.

Demons, witches and sorcerers also comes to us putting on identities of humans and all types of creatures like birds and land animals, sea creatures, creepy things and insects, winds, floods, storms, whirlwinds and fire.

They again comes to us putting on identities of people we are close with therefore it is very much important that we always pray against the s of darkness because when a person in this world repent of their sins and decide to follow the Lord Jesus Christ or when they are about to break through to their God given work, so will the enemy also start to fight them and therefore they will make sure to stay close to them with a purpose of manipulating their lives so that they may either get their gifts and blessings in a hard way or give up.

My people, listen to me, the spirit world is not a fantasy or a picture but it is a reality, look, when an ordinary person goes to sleep at night or day time then this is the time when their spirit men gather themselves and wakes up from their sleep and dive into the spirit worlds and then you call it a dream.

The spirit world is a world where the past, present and future meets at the same time, that is why in these worlds is whereby the Lord God talks or shows us our past, present and future according to his intentions in our lives, therefore only he who is pure in heart will see and understand their purpose and because humanity is deeply asleep they call the activities in that worlds as dreams and do not know that their promises, healings, deliverances, protections, destinies and success have long passes before them because they are blind and many have grown old or died without seeing what God has intended for them and some have even died without fulfilling the will of God in their lives.

Again my dear brothers and sisters, let me tell you this, again there are those who dreams of their dead ones visiting them and they believe what they saw in their dreams but let me tell you that all our dead ones have either gone to rest in the paradise waiting to be resurrected on the day of the Lord or they are sleeping in the worlds of the dead which is the lost worlds, therefore any spirit of the dead that visits you in your dream is not truly your people but these are demons who comes to you putting on the identities of your dead ones because God almighty

have put a border between world of the living and of the dead and this border is called eternity therefore no spirit of man have the power to cross this distance and comes into the world of the dead and those who communicates with the living they did not gone to the worlds of the dead but went into the lost world therefore these spirits shall never stand in the judgement of God because they have become one with the demons that lives in those lost worlds therefore they have become lost spirits for all eternity in those dry worlds.

Again let me tell you this secret, everybody in this world knows or have seen soccer or football. Look here, God in his wisdom have shown and taught humanity how to play what is known as soccer. Look, the way how humans on earth have organized and plays soccer is exactly how the battle for human souls is been fought between the warrior angels of God and demons in the unseen worlds.

Look here, just like every team in the field have supporters or fans seated on both sides of the stadium encouraging their warriors or players in the fields and they celebrates when one of their warrior have scored a goal in the net of the opposite team,

this is the same thing that goes in the unseen worlds.

Look here, as it is written in the bible HEBREWS 12;1 that therefore since we are surrounded by such a cloud of witnesses, let us throw off everything that hinders and the sin that so easily entangles and let us run with perseverance the race marked out for us.

Again listen to me, in the kingdom of God the kingdom of light a cloud of witnesses countless of angels are seated watching their fellow angels on earth how they are fighting for human souls in this world and they are shouting and encouraging them to save humans souls and when one a soul is saved then they all celebrate in heaven because a human soul is a very precious and valuable jewel that is above all other creatures and the whole creation.

Look here, if a human soul and the sun or moon, stars, earth and all the galaxies are to be put on the scale and weigh which one of these weighs more, I tell you that a single human soul weight is much heavier than all these put together because a human soul possessed what is called eternity and the weight of the persons of God himself, therefore

the whole creation is like a feather put on a scale compared to a mountain which is like a human soul.

Again if these are to be put together and see which one will outlive others, again those ones will fade away in the end but a human soul will continue to live from eternity to eternity.

Look here, that is why our physical bodies in this world are again limited to carry our souls up to some ages, it is not only because we carry a rotten and dead nature but because of the weight of a human soul which in our bodies is compared to a plastic bag carrying a heavy stone which in the end as time goes by this plastic will wear and torn down because of the weight of the stone inside it.

That is why we go sleep for a short time which we call death in this world so that in the end the Lord may give us a body that can carry our souls, a body which is eternal.

That is why even angels and other created beings in heaven when they looks at humans, they looks at us in admirations and worship God for this wonderful and workmanship that he has made, they also have that desire on how does it feel like human which is the nature of God himself, this is the nature that

Satan wanted to have, he wanted to carry the nature of God and this is why he hates humans so much because he wanted to carry the quality and the value of what humans carries because it is the very nature of he who has made heaven and earth and he who lives forever and ever.

My dear brothers and sisters, look here, in this world of darkness as we fight against the powers of darkness we must be holy because the nature of being holy gives you an advantage of being feared by demons in the dark worlds.

Look here, being holy is a nature of God, it is like when humans say to one another, be a gentleman. Be a person with principle or be a person with standard. A person whose life have meaning. That is why when you live a holy life in the spirit worlds when you come before your enemies, whether demons, witches or sorcerers, they all become weak and bow down before you and again you become invisible to them.

You live in a very faraway places where they cannot reach and again your word have power and authority over them, when you live a holy life, sorceries, witchcraft and all curses will not touch you.

Look, that is how valuable your soul is, the good example we can look at is how nations in this world comes together to fight for a one precious golden world cup because it is so expensive and precious to all these players and the whole world which is a picture of a human soul .

This is exactly the same when it comes to a human soul to both the kingdom of light and the kingdom of darkness. A human soul is so so expensive and precious because it carries the image of the creator, that is why demons in the unseen worlds are fighting to capture human souls by influencing them with the ideas of unbelieving, false religions, traditional and cultural believes and practices, witchcrafts, sorceries, lies, fearful, idols , backsliding, sexual immoralities, trading your souls for power, fame and money which is a very cheap thing to do and others traps that the devil has set for humans souls.

And when they have captured one human souls into their kingdom through these things just like a ball have entered into the goal, the demons also celebrates in their kingdom and they display human souls like trophies in the kingdom of darkness put into prisons of walls that are called addiction, hard

hearted, strong believe and faith in their beliefs and practices and they mock God and do all kinds of dirty things to these souls that was made in God image.

In addition to angels, again some also comes to this world putting on flesh as homeless, poor, beggars and every humble looking person in this world to fulfill the will of God on earth.

Again just how we see athletes are running a race to win in this world so is how humans in this world are running a race to win or conquer this world and this is an individual race that every many has to run in his lane regarding of how many friends they have, colleagues or family members they have c in the end it is individuals with God, therefore it is always a good thing for everybody to stay alone for sometime and stay away from the destructions so that you may listen or hear the voice of your heart what it tell you.

Look here, the joy, wealth and peace of this world is a storm that have uprooted the hearts of humanity into the darkness where they have no more identities but became of this world, therefore these ones are lost into the dark worlds and they need to find themselves while there is still time.

THE MYSTERY OF TRADING

My dear brothers and sisters, listen to me. Just like we all see on tv how nations of this world do economic trading of goods and money on stock exchange or market, so does the evil spirits that lives in the dark worlds do trading with humans in this world. In the worlds were they live, they trade powers, victory, gifts, wealth and blessing to humans in exchange of sexual immorality from humans, babies and virgin blood sacrifice and human blood sacrifice but sex immorality is topping the list in trading just like diamond in this world top the list of trading at the world stock market because on the very first day when a virgin girl or boy gets involved in a union or sexual activities that is not blessed by God, the warrior demons that are in forms of waves, floods, storms, winds, whirlwinds and lightnings always ambush and stand ready to snatch away these souls and take them into their prison worlds where they go and make a harvest of life, strength, peace and health and steal identities, blessings and gifts from human souls exactly just like humans in this world digs and harvest mineral resources underground or in the fields and after the harvest, then they cloth these souls with robes of

shame which are lies, hatred, unforgiveness, anger, bitterness, poverty, limitations, unsuccessfulness and fear so that the devil may keep accusing human souls before God days and night from generations to generations because of the robes that he has clothed them with.

My brothers and sisters, look here, when the demons have harvested all these things from human souls and cloth them with robes of shame, these same robes becomes the heritage of that bloodline from generation to generations, unless they become born again children of God in Jesus Christ and he will restore them and make them a new creation and their bloodlines will also be restored.

The warrior demons that makes harvests in human souls in the armies of the kingdom of darkness in the spirit world their positions are called the strongholds and their work is to keep human souls into these cages or robes of shame of the same bloodlines from generations to generations so that humanity may lose faith in their creator.

Look here, those whose union or sexual intercourse is not acknowledged before God, they are doing it out of the protection of God and they are on their

own and their souls have become possessions or like agricultural lands for demons and everytime they get involve in sexual immorality, their souls opens for demons to come inside and take their harvest from these peoples souls because the harvests from humans souls is like a valued of gold to humans in this life and they feed on the harvest to live, stay healthy, strong and not ageing just like us humans in this world feeds on nutrients foods to live, keep healthy and strong because these demons have lost eternal life in heaven.

Although they may keep feeding or surviving from these foods yet they have been cursed with eternal hunger, they never get satisfied because they were cursed from the beginning, that is why we see that sexual immorality is very high in this world because it is fueled by these spiritual beings that keeps feeding or harvesting from humans.

In the beginning the Lord God has made sexual intercourse to be a blood covenant between both man and women that is why a virgin on her first sexual intercourse must show blood which is a sign of blood covenant between these two and the blood covenant is meant to last until death but because of a confused world, men and women have

made sexual intercourse a pleasure but they do not know how many blood covenant they have made which depends on how many people they have slept with, therefore these peoples souls belongs to demons as their agricultural lands and they do not have any identities because they are lost, clothed with many robes of shame God himself do not know them.

My dear people, listen to me, because of the harvest of humans life by Satan and his demons, so the Lord God has made this crawling animal which is called a snake to shed its skin from seasons to seasons as a reminder to his people that just like a snake shed its skin and become new again, so is Satan the old serpent stays younger from generations of mankind on earth to generations while mankind bodies grows weaker, loosing strength and health and later grow old and die like a shed skin of a snake while he who possessed human life keeps living and have peace, health and strength from generation to generations of mankind on earth.

My people, although in the bible it is written that Adam and Eve sinned or fell in the beginning when they ate a forbidden fruit, I tell you that they had

sexual intercourse whereby the spirit of God depart them and from that time on they have been turned into the nature of nothingness because the spirit of God have left them and the human nature became vulnerable to weakness, diseases, sicknesses and death which we all have inherited after we have put on the nature of disobedience in the beginning.

When human nature fell, our spirit men became empty, naked and hungry.

That is why when men or women see opposite sex beautiful and attractive with nice bodies or muscles, they want to have sex with them because their spirit men are empty, naked and hungry and they wants to cover themselves with that beautiful nature and good looking they see with their physical eyes and again because they are shapeless without an identity so they feel like when they have sex with beautiful good looking body they will cover themselves with that although its not possible therefore what they need is the holy spirit of God to cover their shame and satisfy their souls.

Again when you say that you want sex this is because sometimes your spirit men feels hungry and thirsty in the lost word and when you have sex this is how feed on other humans blood although

human blood never give satisfaction because there is no life in humans blood and after you have fed on your partners blood then you come out carrying all the curses of their bloodline and you have become like a dirty pig carrying rotten mud, therefore God will never allow pigs to enter in his kingdom unless you repent of your sins and be born again in the water and spirit and you will become his children and he will forgive you and give you eternal life.

After harvesting from humans hearts for demons to survive their dry worlds, they feeds on babies and virgins blood because babies and virgins blood is uncontaminated and carry a full package of life and when they drink it they become more youthful and strong in their dry worlds that is why in this world God has made a snake to shed its skin as a reminder to humanity how the serpent and his rebels keep being born or reborn into youthful nature by drinking humans blood and take harvests from our hearts while us humans grow weak, old and vulnerable to diseases and sicknesses and in the end our bodies looks like an old shed skin of a snake because the enemy has stolen our lives when in the beginning when we chose to follow his path and in exchange of that he took powers and authority

from humans and it is him who possessed what belongs to us which is our lives and unless humans comes back to God and he will restore them again.

Again the sacrifice of babies and virgins blood to the demons, those individuals in return they receive powers of another level, wealth, victory and blessings compared to other sacrifices in this world.

THE MYSTERY OF SEXUAL INTERCOURSE

My dear brothers and sisters, listen to me, the sin of mankind against God did not start in the garden of Eden but it started even before the creation of the eternity when mankind were just seeds in the hand of God , look, the seeds of Adam have sinned against God when he had sent them to go search for their identities in the treasure house which is the heart of God where they did not go but instead they have listened to Lucifer who have diverted them from entering in the treasure house which is the very heart of God where they were supposed to go and find their identities to put or cover themselves which was supposed to be their names which is the identities of God in them but instead they covered themselves with the nature of Lucifer which is lies, hatred, unforgiveness, stealing, killing, pride, bitterness, jealousy, witchcraft and sorceries.

And after they have put on these nature, they immediately got rotten and died and they turned into nothingness which is dust and after all these is where now the Lord God has decided to create a shadow that he has taken from the eternity world and this shadow is called planet earth and our whole universe and everything that is found in them , and he laid this shadow world on a foundations that is called time which is also called the beginning and the end to recreate his seeds back into the eternity and he came up with another plan by selecting the weaker ones from others and he put the nature of his holy spirit in them which is loving, caring and gentleness and then he made these ones as females and mothers of others and he puts his nature on the rest which is fatherhood so that the seeds of man of dust may carry one another through sexual intercourse into the world that is being ruled by the beginning and the end until all have come into this shadow world to be recreated back to God and his purpose may be fulfilled although at the end we are all brothers from one father and we are all going to live with him in the eternity.

My dear brothers and sister, look here, the name Adam does not refer to a specific person but it means man who is made out of dust, therefore all of us mankind are Adams.

So when God created the first man Adam and his wife Eve in the garden, he was already starting to do his work of salvation according to what has happened before the creation of the eternity and time.

Therefore after the snake have deceived Eve in the garden who again came to lay with Adam is whereby disobedience was fulfilled in the flesh and then the holy spirit of God which is the persons of God in them have left them forever and their spirit men got rotten and died which some calls corrupted and they fell into the eternal dark lost worlds when they found themselves empty, naked, hungry and full of shame in their faces and their spirit men fell into the eternal dark lost worlds of the worlds of the dead that God has prepared at the creation of the heavens.

After disobedience, so the Lord God have chased Adam and Eve onto the shadow world which is earth because they carried a dirty and filth nature which is also death in them, therefore the Lord God

has put them on earth which was already prepared for them and their seeds before the creation and because their spirit and bodies are rotten and dead whereby in the end they shall still go back to dust were they came from.

Now since God has sent these two on earth to multiply through sexual intercourse, so through his work he has given a command between a man and women that when the two shall lay together for the first time, as a virgin, a women will always show blood which symbolizes a sacred blood covenant which is also a command from the Lord that says that these two have become one forever and what the God has put together, no man can take away nor do they can separate until death.

Therefore my dear people I am telling you that sexual intercourse is sacred thing from the Lord although many have made it as a thing of pleasure yet they are disobeying the word of God.

Look here, when a man shows his love to his women, it is the same as one who pours out pure water from a sacred fountain to his love one, a pure water that was meant only to be drank by the chosen and fairer ones and again when he makes love to his women, he pours out his whole beings

which is his own person, blood, strength, nakedness, weakness, blessing, and identity into that women's spirit and they become one and this is vice versa therefore sexual intimate is supposed to be a sacred thing and he or she who tries to break this sacred treasure from another because of invalid reason is punishable to death because first they have broken the law of God and second they have broken the love of their partner which is very difficult to mend therefore the one breaking this treasure must be punished to death.

My dear people, look here, because our spirit men are hungry, naked, empty and carrying a heavy shame in the world of the dead, so God has designed sexual intercourse so that through it men may also drink and feed their spirit men with their partners blood and bodies, look here, when men have sexual intercourse with their partners, this is how their spirit men drinks blood and feeds on their bodies in the spirit since they are hungry and empty.

Therefore when you wants to sleep with someone because they are attractive with those muscles or nice built womanly body , this is not your physical body that wants that but it is your spirit man who is looking for an identity to cover his shame and

nakedness and he wants to cover himself with the beauty, well built or attractive body that he sees from the person that you wants to sleep with and also to wants to fill their hunger with what they see and again after having sex you still wants to feeds and keeps feeding on your partners blood but they never gets satisfied because you are feeding on dust and there is no life in human blood and flesh because all these is just dust of the earth in the end.

This is why humans keeps having many partners from this one to that one because their spirit men wants to be filled and also looking for an identity to cover themselves since they are shapeless but they never finds anything unless they drink of the blood of the lamb and feeds on his body to find satisfaction and he will give an identity and they will find eternal rest in him.

Again look here, every time your spirit man feeds on different partners flesh and blood, it carries more dirt and filth just like a dirty pig covered in mud and that's how you become dirty and smelling before the throne of God and again the more your spirit man keeps feeding on different peoples flesh and blood, the more you are carrying different kinds of curses on your life that shall be your robes which

shall be also be worn by your children and their children and these are either poverty, limitations, diseases, sicknesses, sorrow, failure, losers, unsuccessfulness and these things may not only affect your spirit man but also your physical life in this world.

Therefore if you two wants to be covered with the robe of Christ, you and your partner must go before the throne of God and he will acknowledge and bless your union and he will cover your shame and nakedness with the robe that shines which is the robe of Christ and God will protect you from the powers of darkness if you will follow him.

Again if there is anyone of the two married who is in Christ and their partner is far from Christ, God will still cover their shame and nakedness with his light because of their partner that live in Christ and again he will bless them because of their partners.

THE IDENTITY OF GOD IN HIS PEOPLE

Look, at every birth of every servant of God into this world it is the holy spirit of God who announces the names of the servants of God to the world and he speaks through the mouths of their parents although they think that it is them that have given

their children their names because it is God almighty who gives his servants their names according to his identity so that his purpose in this world may be fulfilled in through them and he send them here on earth to fulfill the will and purpose of God in this world through their names because their names is the identity of God that may be revealed through their works, therefore it is the works of their guardian angels to put the first cry of servant of God on the scale of God after they are born into this world and measure because the very first cry of every servant of God in this world is the fulfillment of their works, words, thoughts, life and journey on earth.

My people, let me tell you this. God did not create men on earth and send them to come and live a life of poverty, sicknesses and suffering but all this is happening because men are lost into deepest darkness because they do not know who they are because they have been clothed with identities that do not belongs to them.

Therefore they have lost their own blessings, success and wealth that was deposited in them in the beginning. Many of them carries swearing or names without meanings or they do not know how

or on what grounds, memories or occasions were those names given therefore men have been covered with empty dry shells that carries only poverty and suffering in their lives.

Look here, the Lord God has given his children their names to do his will and glorify him through their works and through this is whereby the fruits of life that glorify God on earth will be produced in their lives and they will have a successful life, abundance and peace that is the Lord Jesus said that seek the kingdom of God and its righteousness first and all will be added unto you but because men have gone out of the way of God and follow the world now they blame God for their failure.

My dear people look here, those of you who were named after others who you call namesakes, your lives are just empty and naked dry shells without success or blessings because the blessings that was deposited in that seed of a name have already covered he who bears that name first.

Therefore like I said before that you must never name your children after other people knowingly because you are just covering your children with a life of life of poverty.

Look here when you want to give your children names, first find a name that glorify and praise the name of the Lord God so that your children may become branches that bear fruits of life, fruits that belongs to the tree of life in the kingdom of God and this will make them children of God and of the bloodline of the Lord Jesus Christ and in this way, they have cut themselves off from the family trees of the human race that carries curses since we all carry death and different curses in this world.

Now this one is for those who calls themselves as Christians or followers of Christ in this world, my dear brothers and sisters, listen to me, like I say that God did not send his people on earth to live a life of lacking and poverty but to live life abundantly.

Now look at you, it is good that you came to know who Christ is but did you fulfill his purpose in this world, did you find your purpose in this world which is to serve his kingdom since you came to know him because it is the main purpose of him that he has sent you down in this world.

Look, you call yourself a Christian and look at how long you have been going to church services yet your shepherds did not guide you to fulfill the

purpose of God in your life and you call yourself a follower of Christ.

Let me tell you this, it is good that you have come to know that the Lord Jesus is your only savior and since you have been baptized in the water and become a born again in the spirit now you are guaranteed with eternal life.

But the question still remains that are you working on finding the purpose of God in your life so that his purpose that he has sent you on earth may be fulfilled in you to benefit the kingdom of God or do you just go to every church service to serve your pastors and priests then come back home until years goes by yet without knowing who you are or what is his purpose in your life and until your children also grow up and again join the same church but never find their purpose in this life to live a life of success and abundance to glorify God in this world with your skill, talent, gifts, wisdom and knowledge that he has given to you.

What battle in this dark world did you fight to have a testimony that stands on the foundation of the name of Jesus Christ, or on what foundation does your testimony stands because our testimonies which are our battles, pain and suffering in the

name of Jesus Christ he shall turn each one of them into glory that shall be our thrones where we shall rest on and rule as his saints in this world and also the world to come while our faith is the foundation of our thrones, therefore my dear brothers and sisters listen to me.

In this life those that are suffering in the name of Jesus every pain and suffering they have endured shall be their testimonies and their testimonies shall be turned into glorious thrones where they shall sit and rest forever.

Therefore every child of God must have a testimony of the battle against the evil one and his armies in this world, again what is the identity of God in your name or what cross did you take to follow the Lord Jesus Christ or what fruits did you produce for the kingdom of God as you call yourself his follower or a branch of the living tree he who is Christ himself.

Well let me tell you this, you may be guaranteed with eternal life after believing in the Lord as your Lord and savior and be baptized in the water but the truth remains that you have been deceived by your religious leaders who have trapped your souls into those cages you call church buildings because they

did not teach you the way to find the purpose of God in your lives in order to serve his kingdom but you rather became religious rather than citizens of the kingdom.

You have become prisoners of religion and religion is not from God, you goes to a church service every Sabbath for many years and still you do not know the purpose of God in you life and your souls are still empty and naked, you have been going to that service for many years yet you are still babies that are being fed with milk, when you say that you never miss church service every Sabbath because you go and serve God then you deceive yourselves because there is nothing to serve God when going to church every Sabbath.

What God wants you to serve him is through what he has given you which is either your skill, talent, wisdom and knowledge that he has given you and this is what we calls our passion which is what he has deposited in us to serve him so that our passion we may glorify his name for the sake of his kingdom.

Therefore if you think that when you attend church service every Sabbath is the way to serve him then you are wrong.

Now listen to me, do not be surprised when you shall find yourselves left behind at the rapture and see those who were unbelievers, witches, sorcerers and others goes first in the kingdom of God when the Lord shall come to take his church because the hour have come and these will hear the everlasting gospel and they will repent and seek God with all their hearts, mind and strength and they will do his will and bear fruits for his kingdom or do not be surprised after you die and you have not been included in the first resurrection because although you have come to know the name of Jesus yet you did nothing for him therefore you are of no use to him and he has no use for you.

Again let me tell you the two statements that were said about you by the Lord when he said that he will put a test of faith on those that dwells on earth those who claims to be followers of Christ yet they are afraid to take up their cross in this world and suffer for him and again this statement is about you which says that the first shall be last and the last shall be first to enter the kingdom of God, meaning you shall go through the great tribulation that is coming on earth because the Lord God will test your faith like you claim to love him yet you do not seek

him to discover his purpose in you because you are afraid to go through shame, pain and suffering, so he has preserve that moment for you to go through the tribulation that is to come.

My dear brothers and sisters, your shepherds did not guide you into the right paths for you to find your purpose in this life and serve God in truth because they wants to keep you in their cages that you call church buildings for their own glory.

Look at how many years you have been going to church yet you feel empty and naked because you do not know your identity in Christ nor do you not know your purpose in this world.

The time is coming when you shall be alone with God and those who you serve in their cages, those who you call your pastors they will not be there for you, therefore the hour is now for you to take up your cross and follow Christ but first of all you must be baptized in the water which symbolizes that you have died and rose with Christ which every one who wants to follow Jesus Christ must do so that they may be filled with his holy spirit which is his persons in us so that he may recreate you and also be able to hear him speak with you and direct you in your journey and find his identity to work through you.

By searching for his purpose or identity in you, first know the identity of Jesus Christ, keep asking him in prayers and keep fasting which is the best way to see and hear him. by either drinking water only for three days and that time you are praying days and nights and you are not destructed by anyone or anything at home because fasting is a powerful weapon that destroy anything that is binding, blocking or attached to your spirit which hinder you to see or hear the voice of the holy spirit, or again you can fast by eating only fruits and drinking water only for one week or two if you can, or again you can fast for one month and eat only once a days like in the morning and keep praying days and nights and stay away from sexual intercourse for a while because it is the very source of downfall of mankind and through it demons and witches comes and makes harvests of humans strength, life, peace, gifts, blessing, health and all ability and since you have been filled with life this is the time that they come and do their great harvest because you are filled and there is life in you.

When you start to do this things now you will hear of dogs barking and these are the gossip mongers and haters talking bad about you but do not fear

them because they are cowards and fearful therefore you must focus only on your life but let me tell you that this thing can go on for months or years according to the purpose of God in your life, do not give up until you find that purpose.

Let me tell you that where there is shame, pain, sorrow and suffering is where your treasure lies, therefore you must embrace all the hardships that are coming your way because your reward will be greater and it is a reward that shall last for all eternity but if you refuse to seek his face then even the little gifts that he has given you he will take away from you and you will be left naked and everyone will see your nakedness and shame.

Now this message goes out to the shepherds of the children of God those who call themselves pastors and priests, you are the shepherds of the children of God and he has given them to you to feed them with his word and guide them in finding their identity in him yet you have kept them for yourselves because you do not want them to leave your church buildings for your own glory, now listen here, your judgement will be greater than all the peoples of the earth and they will all see you. God will strip you naked off whatever you have and you

will be naked, empty and hungry full of shame in your faces and he will blot out your names from the book of life of the lamb forever.

THE MYSTERY OF HUMAN TEARS

My people, look here, In this world many people thinks that because they hold positions of powers they can do whatever they like to others and cause them pain and suffering and nothing will touch or follow them. Some even go out there to seek protection from witches and sorcerers to cover themselves after they have destroyed the lives of others and leave them crying tears in their eyes but let me tell you dear brothers and sisters that human tears is a powerful thing that outweigh all the powers of darkness, witchcrafts and sorceries.

Look here, you may make others to shed tears of pain and suffering on purpose today thinking that nothing will harm your lives but what you do not know is the tears of humans especially the innocence is a pure fire that comes from an eternal beings of a man and what you call as tears from human eyes is a manifestation of pain, joy, peace, happiness, suffering or laughter into this world therefore what you see does not just comes from human eyes but from the eternal beings of a man

that you cannot see or touch. Therefore every teardrop from human eyes expressed into this world through pain or joy, one day God shall reward those souls either with life or death and even the powers of witchcrafts and sorceries cannot erase or destroy them because human tears is shadow of human souls.

My people look here, many people in this world are living lives of curses which are either sorrow, limitations, unsuccessfulness, poverty and others but sometimes this have been caused by the tears of men who have cried tears of pain and suffering that have been caused by your parents or your forefathers and they died but did not make peace with their victims.

That is why the tears of their victims have burned and reduced their lives to nothingness and this curse have befallen your whole family trees until your generation and again the tears of their victims have followed them and have trapped them, therefore even in their graves wherever they are their souls do not have peace because this is how it was made in the creation unless their descendants those of you the living ones of the same family trees start to do good to others and strangers so that

these may thank you from their hearts and out of their hearts shall flow tears of gratefulness, joy, peace and blessings and their tears shall flow from these branches which is you now and through you the tears of those you have shown love will flow and heal the whole family tree and those tears will again flow unto the deepest roots of your family trees which are the souls of your ancestor who are the roots of your family trees and will become alive and find peace wherever they live in the worlds of the dead. Now it is time for all of you to start doing good to others so that the tears from their eternal beings may also bless your lives.

My dear brothers and sisters, again human tears are a precious commodity in the spirit worlds that demons and witches uses to heal their wounds and sicknesses.

They extract human tears from human souls for their healing by causing pain and suffering to humans and as we cry our tears, they harvest our tears and use them as medicines for healing their wounds and pain in their lost worlds.

The greater the pain, the deeper the tears is being extracted from human souls and they possess healings for demons.

Like I said that human tears is not just an ordinary liquid that you see coming from eyes but they comes from the eternal beings of a human soul because human tears is a shadow of a human soul that is expressed into this world through pain, suffering, joy or peace.

HUMAN HEALTH AND SICKNESS

Again he whose heart carries hatred, jealousy, anger, unforgiveness, bitterness and bitterness, his soul is like a dustbin holding all kinds of dirt because all these things are poison to human souls and they cause diseases to mankind because they eats the soul and spirit of whose heart hold them.

That is why it is very much important my people if you hold these things in your heart and you cannot, please ask the Lord God to remove them from your heart for the sake of your soul, spirit and body because they are poison to you.

Let me tell you that just as dirty words comes out from your mouth so is how dirty your hearts are, the words coming from your mouth are exactly as they are in your hearts just how they seems in this world.

Stay healthy by eating less beef meat or read meat or nothing at all and change it to white meat which

is fish, chicken and more vegetables and drink more water. Make exercise a part of your life and you will see changes in your health and again please control your alcohol my people.

please go out there and share the news of the kingdom of God with everybody because it is the duty of every man which is the command from the Lord Jesus Christ.

Now this message goes out to the Vatican city, the European nations and the USA, woe to you ooh you wicked nations whose hands are dripping with the blood of the innocence, ooh you evil nations, here me, after me is riding a rider on a red fiery red horse holding a great sword and this is the one whose great sword the Lord will judge you ooh wicked nations.

Let me advise you now, what you must do after you hear this news is start to build hiding places in the mountains, caves and undergrounds and preserve more foods and waters, make them double or triple because your times shall be very harder.

With great sword in the hand of this rider the Lord shall avenge the blood of his innocent people that you have killed. He will destroy all your works,

memories, legacies, glory, names and bloodlines from the face of the earth.

My people, listen to me, what you know as principalities, powers, authorities, rulers of the darkness of this world, and spiritual wickedness in high places, these are the fallen angels or demons that are ruling this world through those who carry the bloodline of the serpent those who live in the nest of the great dragon with seven heads and their kingdom in this world is built on these foundations which are the political system of this world, religious system, education system of this world and they rule this world through the powers of witchcrafts and sorceries .

Therefore you must know that the government system of this world is a kingdom ruled by these spiritual evil beings seated in high places in their dark places, and your so called leaders are just tools that are being used through the policies of what they call democracy in order to achieve the full agenda of the kingdom of darkness on earth which is the new world order.

My dear brothers and sisters, come out of Babylon and become citizens of the kingdom of heaven. Start serving the kingdom of God. Babylon has already fallen, the Lord God has decided to judge the prostitute and her children, therefore I am calling on you all who have been scattered among the nations of this world to come back home because the time has come, come home before the judgement of the prostitute and her children because the destructions of those nations will be much greater, therefore it will be better for you not to be caught in that destruction.

I am asking everybody who has believed the word of this book and is willing to serve the kingdom of God and bring many souls in the kingdom to go out and preach these words of the kingdom to as many people as you can while there is time. Please share this everlasting gospel with your families, friends, the sick in hospitals, prisoners and strangers.

Bring as many souls to God and your reward and your names will be greater in the kingdom and your faces shall shine like stars in the night sky forever.

CHAPTER 4

NOW THIS MESSAGE IS A WARNING TO ALL HUMANITY IN THIS WORLD

Woe to the earth because the hour of judgement of this world has come. My dear people, let me tell you this, as hours turns into days, days into weeks, weeks into months and months into years. So is the future of this world getting darker and darker.

This is the time for every man in this world to prepare yourselves and your homes because the judgement of the Lord for this world has begun but first of all the Lord God shall judge church leaders and every shepherds who do not preach salvation but who uses his word for their own gains.

Look here, The Lord God has made you shepherds of his people to lead them into the path of righteousness yet you chose to use his word for your own greed. Therefore his judgement shall begin with you and those of you who shall not be found with clean robes you shall be condemned.

Again my dear brothers and sisters, let me tell you that do not be deceived by those who claims to be prophets of God yet they do not teach about salvation because they are not from God and again do not believe the politicians who promise you and

your children a good future because like i said before that as hours turns into days, days into months and months into years so is the future of this world getting darker until that day when all the nations of this world and all those ignore the truth will eventually fall into the pit of a global war were there will be no one that can save others because the anti christ will hold all the powers and authority to exercise as he wishes. that is why this is the very time that you should really prepare your hearts and get right with God and stay close to Jesus because scriptures are being fulfilled.

My dear brothers and sisters all you preachers of the word of God. It is time for you all to start teaching your sheeps about the book of revelation and prepare them for the future because humanity is heading into darkness every day.

Because all the events that we see happening around the world, these are all signs of the beginning of sorrow on earth therefore do not wonder because you have already been warned by the Lord in the scriptures.

This is the time for you to prepare the souls of your people because if you do not do your work which the Lord has given you, i tell you that he will ask you

about the lost souls that he has given you in your hands, therefore your punishment will be greater than your Sheep in the end.

Again Babylon the great you who call yourself the Roman catholic church or the women dressed in purple dress and sitting on the scarlet beast holding a cup of filth mentioned in the book of revelation in the bible, let me give you this message that your plan for the new world order will not be fulfilled because the first seal of the scroll with seven seals in the book of revelation in the bible have been opened and the Lamb have already sent out the rider of the white horse who is given a crown on his head and bow in his hand to go out on the mission of conquest because he is a conqueror who have conquered you and he is called the conqueror of Babylon.

Look here, the rider of the white horse is from the tribe of Judah which is of the royal bloodline of David the king which is the lineage of the Lord Jesus Christ.

He have been sent out on the mission of conquest to conquer this world with his powers which is the everlasting gospel of God which is the knowledge, wisdom and truth of God his father and he shall

reveal the truth to this world, the truth that you have been hiding against humanity since the beginning, therefore your time to rule this world has come to the end.

It is the rider on the white horse who shall destroy the illuminati, the roman empire/catholic church and Babylon one world government agenda and prepare humanity or the church and the bride for the lamb who is coming to take his church in heaven for a period of seven years before his second coming.

The white rider will conquer human hearts with the everlasting gospel for the Lord Jesus Christ because he is the end time prophet who is foreshadowing the coming of his father and God the King of kings and Lord of lords who shall come to rule this world with the rod of iron for a one thousand years on the Sabbath millennium of the earth and his kingdom shall stand forever.

Look here, the rider of the white horse with a crown on his head and bow in his hand shall teach the fear of the Lord to his people which is called the everlasting gospel that have been mentioned in the book of revelation so that the fear of the Lord may be born into the hearts of mankind of this

generation before the return of the Lord and they will obey and follow him because his words has powers to change the elect ones.

With bow in his hand he which is the fear of the Lord he shall free his people from the prisons and chains of the enemy and he will crush the strongholds of Babylon in their hearts and make Babylon the dust or nothingness because the everlasting gospel is bow or strength in his hand that he was given by the mighty hand of God his father and then after his mission is completed, when the everlasting gospel of the kingdom have been preached in all the earth, then will the Lord come for his church which is called the rapture and many dead will be resurrected, some to eternal condemnation and some to eternal life and all those who shall be found with clean robes which is their hearts, they shall meet the Lord in the air and he will change their bodies into immortalities and they will have the nature of Jesus Christ forever.

Peace and righteousness will be the beats of their hearts forever. In heaven, they shall see the face of God the father that its brightness cannot be compared to that of the sun because the sun in its

full strength is a shadow of the true light of God who is sitting on his throne and rules the whole creation.

And then after this shall the Lamb open the second seal of the scroll with seven seals and he will send out the rider of the fiery red horse with a great sword in his hand into the world who is the anti - Christ, man of sins, son of perdition and the lawless one who is called the imam Mahdi in the Islam religion which means the rightly guided one.

Therefore the whole human race plus Babylon the great, you must prepare for a war, a very greater war, a global war which is the third world war and a difficult life that cannot be compared to any hard life that has ever occurred on this planet since the world was created. Vatican city you whose kingdom is built on the foundations of human blood sacrifice, the blood of the saints of God the most high.

Together with your children the European nations and the United states of America and your allies, your hands are full of blood of the innocence. You have slaughtered Gods own chosen people. Therefore the Lord God who is the righteous judge is seated on his throne in his glory and ready to judge you with the great sword of the rider of the fiery red horse.

The Lord will avenge the death of his own people by the great sword of the imam Mahdi because when his time comes, this being shall be given all powers and authorities over every nation, tribe, tongue and kingdom on earth and there will be nobody that will be able to stop him from doing anything that he wishes because for this reason he was born into this world to fulfill the plan of God because from the beginning of time, Satan who they call Allah, the beast who is he Mahdi and the false prophet of the Muslim believers the last pope of the roman catholic church who shall be called Jesus Christ, these three beings were marked to play a leading role in the end of the government of men and evil on earth when the earth reach its sixth thousand years which is our generation because the seventh thousand year of the earth which is the Sabbath, then will the Lord come to rule this earth for the whole Sabbath millennium before this earth is being destroyed.

As for now let me give you all a piece of advice, from today on everyone who hear this message and if you do not have a relationship with Jesus Christ, I am strongly advising you to repent of your sins and be born in the water and spirit so that he may

forgive your sins and give you eternal life and he will spare you from the judgement which is to come on this planet in a near future.

And you Vatican city and your children and every nation on this planet that does not believe in the name of Jesus Christ, I am advising you that with all your powers and sophisticated technology, you must focus on digging tunnels and underground homes and holes in the mountains and hidden areas of your countries for your women and children and start preserving more foods, waters and medicines, and make them double or triple or more than that to last for many years because the Mahdi shall be given all the powers and authorities to conquer and rule the whole earth and in his era there shall be no man that will be able to sell or buy anything on this planet except those who shall take an oath or initiation by giving their souls, spirit and body to Allah [Satan the dragon with seven heads and ten horns] their spirit to the Imam Mahdi[the beast with seven heads and ten horns he who is the anti-Christ] and their bodies to the false prophet of the Muslim the last pope of the roman catholic church who shall call himself Jesus Christ the son of God because in their belief, Muslim calls Jesus Christ a

prophet and this false prophet will deceive many Christians those who shall be left behind to take the mark of the beast in the end and this whole initiation process is a complete ritual of this kingdom for a man to give his soul, spirit and body into the body of Satan and he who shall give his whole beings to Satan which is called the mark of the beast, God will never forgive them therefore he shall condemn them together with Satan and his demons in the lake of fire.

My people, listen to me. The mark of the beast is not a physical mark as many believe because for a mans soul to become a part of any kingdom or occultism in this world, there has to be performed some rituals or initiations.

For example, listen to how men are welcomed or accepted into the kingdom of God. Every man that will repent of his sins and accept and confirm with their mouth that Jesus Christ rose from the dead then God will forgive them of their sins and accept them into his kingdom but not any man who will have anything that is physical on their bodies because if any mark on the body is not attached to the soul then it is of no value or any use because it is just a mere mark but what is attached to the soul

is marked through an oath or words which makes it tight to the soul forever.

Again it says, he who is baptized in the water, his spirit but not the physical body has become a new creation and God will give him eternal life because he has passed through initiation process or ritual for his soul to be accepted into the kingdom of God.

Note that all that was a process of initiation or a ritual performed so that humans may be accepted into the kingdom of God and he who has the holy spirit of God and keeps the Sabbath holy which is the seal of God shall be saved.

Therefore this means that the Mahdi will enforce men to take an oath in acknowledging Allah, the Mahdi and the false prophet so that their whole beings, body, spirit and soul may be marked with the mark of the beast which is 666 which is the number of man.

A mark in mens foreheads is a covenant and an acknowledgment or allegiance between them and this kingdom that they shall keep in their minds and will be required to say those words as a confession with their right hands raised up wherever they go so

that they may be able to buy or sell during the total military government of the Mahdi.

My dear people, like I said before that number 6 represent men because men was created on the sixth day of the creation and God has marked the three beings each with number 6 which altogether is 666 and they are Satan, the Mahdi and the false prophet because they shall play a big role to fulfill the end of the government of men and the evil one on earth because since the earth is coming to the end of the sixth thousand years of its existence and heading into its seven thousand year, so the seventh thousand year is a Sabbath and as we all know that the Sabbath belongs to the Lord God and he is coming to reign on earth on the Sabbath millennium which is a one thousand year and as we speak now, the imam Mahdi is already born into this world and when his time comes he will be a devoted and committed Muslim in searching the deepest knowledge of what they call the seventh heaven because it is his calling to fulfill the purpose of his calling in this world.

He will be a very committed and faithful Muslim who shall reach the level of understanding of the seventh heaven in Islam religion which is the level

of immortality which is the fullness of beings of the dragon with seven heads, seven crowns and ten horns.

Therefore upon reaching this level is whereby the beast with seven heads, seven crowns and ten horns will be born out of the heart and mind of the dragon with seven heads, seven crowns and ten horns and these two beings shall become of a one mind, one heart and one purpose.

The level of the knowledge of the seventh heaven is the fullness of beings of Satan himself, therefore Satan the dragon with seven heads shall give all his powers and authorities to his first born son the beast with seven heads, seven crowns and ten horns because there has never been any man on earth who has ever reached this level of knowledge of Satan himself, and no any so called super power nation on this planet will be able to defeat the Mahdi because all you enemies of God you so called super power nations of this world, with all your advanced and sophisticated weapons and technology, the Mahdi shall conquer and destroy you in a short period of time.

During his time, the sun will work in his favor and burn the third of the green trees, crops and grass of

the earth, again the third of the water of the sea, rivers, lakes and all the water resources on earth shall be turned into blood, bitterness and poison.

The army of the Mahdi will be of countless soldiers like sands of the seashore because almost every Muslim on this planet would want to participate in this war to honor the Mahdi who they believe is rightly guided by Allah who they believe is God yet is Satan himself. In their belief, the imam Mahdi will come to fill the earth with justice and righteousness just like the earth is filled with oppression and tyranny by Babylon therefore he will enforce the whole earth to acknowledge him as God.

This will be a military government where almost every Muslim believer on earth will be stationed at every place and spot in all the earth to enforce the will of the Mahdi to non Muslims and many countless of lives will perish on this earth because this government will use every kind of torture to men those who will refuse to acknowledge the Mahdi as their god and this is where the words of the Lord Jesus Christ comes into effect when he said that do not fear those who kill the flesh but rather fear the one who can kill both the flesh and soul in hell.

My dear brothers and sisters, if you find yourself in this situation when this day comes, let me warn you that do not, do not and do not accept the mark of the beast by taking an oath and acknowledgment of Allah, the Mahdi and the false Jesus Christ although it will be done forcefully and if you have to die of any kind of torture, die holding to the name of Jesus Christ so that you may be rewarded with a crown of life in the end by your Lord and God in heaven because God will never forgive anyone that shall take the mark of the beast which is the acknowledgment of Allah as god because he who take the mark shall be condemned in hell forever.

Vatican city Babylon the great, listen to me, after spirit of the Egyptian God Horus has incarnated in the body of your last pope, then he will become the false prophet who is mentioned in the book of revelation in the bible and again he will become the little horn and the beast with two little horns like a lamb that speaks like a dragon because of his roles that he shall play in the endtime and he shall preach every religion to every nation of this world according to their beliefs and he will call himself Jesus Christ the son of God and he will work wonders and miracles before many Christians and

he will deceive them and many shall follow him and accept the mark of the beast.

To the Hindis, he will call himself Krishna and he will preach their religion and work wonders and miracles before them and many shall accept the mark of the beast and believe and follow him and worship the beast, to the Buddhists, he will call himself Buddha and he will preach their religion and work wonders and miracles before them and deceive them and many shall take the mark of the beast and they will follow him and they will worship the beast, to those who believe in the ancient gods of Greece, he shall call himself Dionysus and he shall preach their religion and work wonders and miracles and deceive them and many shall accept the mark of the beast and follow him and again to the believers of the ancient Persia, he will call himself Mythra and he will preach their religion and work wonders and miracles before them and many shall accept the mark of the beast and they will believe and follow him and worship the beast and he will go to many nations and preach their religions and he will work wonders and miracles before them and he will deceive many and they shall take the mark of the beast and follow him and he will unite

many religious beliefs on earth as a one world religion and he will tell them to worship the beast and he will establish a one world religion that shall worship the beast and any man who shall take the mark of the and worship it, God will never forgive them. He will throw them into the eternal hellfire together with Satan and his angels.

The last pope of the roman catholic church will become the beast with two little horns that speaks like a dragon and also the false prophet and you Vatican city, these two, the beast and the false prophet shall destroy you and strip you naked of your wealth and glory and Rome shall be destroyed and turned into heaps of ruins and destruction forever

And from that day on until the end of this world, there will be no man on this planet who shall ever walk in you or come near you because you shall become a place of demons were the evil spirits of those who died in you shall be trapped and every man and child in this world shall know that you are a cursed place forever.

Again during this time, the Lord God will send the spirit of his two prophets on earth Enoch and Elijah to his people those that will be left on earth and

these are the ones that are mentioned in the book of revelation as the two witnesses who are again the two olive trees and two lampstands that are standing before God of the earth and they shall preach the word of God to all the inhabitants of the earth to repent and they will have power from their mouths as the bible says until their time to preach is over.

And after their mission on earth is complete, then shall the beast will make war with them and kill them but after three and a half days then they will be called to ascend into heaven by the Lord.

And again from the redeemed shall the Lord call out the twelve tribes of Israel those who have endured the great tribulation on earth and kept their faith on the Lord Jesus Christ and as the bible say that these are the virgins who did not defile themselves with women because they loved the Lord therefore they will be standing in the presence of the Lord forever.

Although all the superpower nations in this world may use all their weapons of mass destruction against the beast and his armies and kill as many as possible, again he will defeat them by the powers of the winds, fire, whirlwinds, earthquakes, tornadoes, hurricanes and lightings to fight against

them, he will be killed in the middle of the war, yet he shall live and rise again because he is an immortal being.

Everybody who shall be caught in this global war, Your time will be a very difficult era on earth that cannot not be compared to any difficult times that has ever occurred on this planet since the world was made and many shall be looking for opportunities to commit suicide but they will never find them because this shall be the judgement of God against this world.

The beast will erase the USA and the European nations from the face of the earth, he will erase all their works, memories, legacies, names, statues and tomb stones and he will kill as many of their children and women and it will be the end of many of their bloodlines in this life forever and the whole world will become fully his and he will occupy and own what once belonged to them and he will establish a one world government and a one world Islam religion and a one world digital currency where all human identity documents, money plus others will be digital and this will be a time that they will monitor every conversations on mobile phones and computers and those who will try to go against

the laws of this government will be eliminated or their names and anything that will represent their identities will be completely deleted from the system and they will have no identity in their communities..

Although he will rule for a very short period of time which is 7 years yet the destruction and death on the whole planet will be like that which have taken a 1000 years to complete because from every small arms and weapons to the great that have been manufactured in secret or open in this world, they shall be used in this global war against the Mahdi and he will defeat every nation that will be against him and in the end he will be worshiped as a God in the whole earth.

After the Mahdi has established his government on earth then will the lamb open the third seal of the scroll with seven seals and out of this seal shall come a rider of the black horse with a pair of scales in his hand and this time will be the time of a severe poverty and hunger in all the earth because all the foods, water sources, properties and assets will be controlled by the government and no man will own anything for themselves because the whole earth shall be owned by the Mahdi and the false prophet

who is also the beast with two little horns that speaks like a dragon he who is the last pope of the roman catholic church. The price of food and others will be very high that only few on earth will be able to afford them that is why it is written in the bible that the third of men on earth will be wiped out by hunger.

Again the Lord Jesus Christ has warned those who shall be having babies during this time when he said, woe to the nursing mothers of that time because their times shall be difficult, many will be looking at their babies dying of hunger or they will leave their babies alive while they themselves die of hunger, and again my people let me warn you that even you may find yourselves in this kind of situation, do not swear any oath, if you or your baby or your loved ones are to die or be killed in any painful way then let it be because by taking the mark of the beast which is an eternal oath then you have taken the mark of the beast therefore there will be no more second chance of forgiving sins from God and you have chosen your way to eternal hellfire.

And after all these things have been completed, then shall the lamb open the fourth seal of the scroll

and he will send out its rider on a pale horse who is called death and this is the spirit of death that shall sweep the whole planet were a third population of humanity in this world will die of hunger and starvation and the wild animals shall feast on human dead bodies and the whole earth will be covered by the stench of blood and rotten corpses.

During this time, the whole earth will be covered with dark clouds of smokes of every kind of weapon that have ever made for wars, whether made in secret or open because it will be a greater war and mother of all wars that ever occurred on earth And while the earth lay in ruins and destructions, during that time those who have been taken out from this world, they will be enjoying the marriage supper of the lamb in heaven.

They will see the face of God the father, the beauty and glory of a place called heaven and all the creatures and angels in heaven and all the saints who died and went to heaven since the first day of this world, they will stay in heaven for a period of seven years and the Lord God will remove the past from them which is time and they will have the nature of Jesus Christ forever, a godliness body and their nature shall be like for as long as God has ever

lived then after seven years, then the Lord will come down with them and his angels to establish his throne in Jerusalem in Israel and rule for a one thousand years which is the seventh thousand year of the earth.

THE MILLENNIAL REIGN OF THE LION OF TRIBE OF JUDAH ON EARTH

After the seven years of the government of the Mahdi on earth, as it have been said I the bible that immediately after the tribulation, the sun will be darkened, the moon will not give its light and the stars will fall from heaven and powers of the heavens will be shaken.

And then will all the nations and everybody that dwells on earth see the son of man in the clouds with a great power and glory and he will come with his saints and angels and they will land on the mount that will split in two to destroy the beast with seven heads and the false prophet where these two shall gather their armies on mount of olive in the land of Israel to fight against the Lamb and his saints and this is called the battle of Armageddon.

But the lamb will kill the rest of this armies of evil with the breath of his mouth just like the bible while the Mahdi and the false prophet he who is the last pope of the roman catholic church, these two shall be captured alive as it is written in the bible and they will be thrown alive into the lake of fire where they will be tormented forever and ever.

My dear brothers and sisters, look, here, at the coming of the Lord, the glory and brightness of his face will turn the sun into a twinkling little star and even all the souls that lives in the underworlds, which are the worlds of the dead, they will also see his face and from that day on every demon that lives in the dark worlds shall flee and hide from the brightness of the face of the lamb for a one thousand years and the dragon also will be put in chains and put in a bottomless prison for a one thousand years and the earth will be peaceful for a one thousand years.

There will be no more wars on earth, diseases and sicknesses because the Lion of Judah will be the king of the whole earth and again those who shall die under the age of a one hundred years they will be considered curse. Wild animals will be like pets to

humans and poisonous snakes will no more bite because they will be also like pets to humans.

The whole earth will be full of grains and fruits for both humans and animals to eat. During the reign of the lion of tribe of Judah on earth there will be no money because people will be sharing everything. he who have more must give to he who does not have and people will be living like true brothers and there will be peace in all the earth. There will be nomore wars because the Lord Jesus will be the lawgiver and the great king of the whole earth ruling from Jerusalem while his saints shall be kings in all parts of the earth.

All nations of this world will be going to Jerusalem once a year to worship the great king in Israel because Jerusalem will be the capital of the world. The lord Jesus himself will sit on his throne and rule the earth with a rod of iron and he will be called prince of peace, mighty God, wonderful councilor and the lion of tribe of Judah and any nation that will disobey his order, it will be completely destroyed.

king David will sit on the right hand side of the throne of the lion of the tribe of Judah and the rider of the white horse shall sit on the left and both shall

be regents of the Lord and again the Lord will put his saints on thrones all over the earth as kings to rule with him for a one thousand years and after one thousand years have expired then shall Satan and his demons be released from their prisons to deceive nations and Satan will command many nations to declare war against the holy city but God will destroy them with fire from heaven and the whole earth will be destroyed with fire and it will disappear into the deepest unknown forever.

After all these things then will the Lord God sit on his white great throne to judge everyone, those whose souls are found in the storages that are on his left hand side that are called the past they will be condemned and thrown into the eternal hellfire or into the eternal dark worlds and those whose souls shall be found in the storages of God that humans call the future those who have hope and faith, they will enter in his kingdom and rule as kings and inherit the new earth forever.
